

statement stage but that are not raised until after completion of the final environmental statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F. 2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day scoping comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

I am the responsible official for this environmental impact statement. My address is St. Joe Ranger District, P.O. Box 407, St. Maries, ID, 83861.

Dated: November 6, 1995.

Bradley J. Gilbert,
District Ranger.

Change in the 1996 Distance Learning and Telemedicine Application Submission Date

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of Status of FY 1996 Distance Learning and Telemedicine Grant Program.

SUMMARY: The Rural Utilities Service (RUS) is announcing the status of the 1996 Distance Learning and Telemedicine Grant Program.

SUPPLEMENTARY INFORMATION: On October 21, 1995, the RUS Distance Learning and Medical Link Grant Program (DLMLGP) was reauthorized by Congress and appropriated \$7.5 million in grant funding.

RUS is currently revising the DLMLGP's governing regulations to, among other things, further clarify the criteria for ranking grant applications. Due to these revisions, a FY 1996 grant application filing date has not been established. Applicants wishing to submit an application should postpone their submissions until new final regulations are available. It is expected that revised proposed regulations will be published for public comment by the end of this calendar year. With this schedule, the final rule could be available by the Spring of 1996. All applications received by RUS prior to publication of the final regulations will be returned to the applicants.
