ACTION: Notice.

SUMMARY: In compliance with Section 3506(e)(2)(A) of the Paperwork Reduction Act of 1995, the Department of the Army announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

The movement of military members results in over 600,000 shipments of personal property each year. Section 10721 of the Interstate Commerce Act exempts such shipments from ICC rate requirements and allows competitive bidding by carriers. The large volume of shipping contracts has caused the DOD Military Traffic Management Command (MTMC) to process contractor information systematically. By following specific procedures contractors are solicited, bids evaluated, and contractors selected. The legal authority for collection of this information in 37 USC, Section 406.

Title, Applicable Forms, and OMB Control Number: Tender of Service and Letter of Intent for Personal Property, Household Goods and Unaccompanied Baggage Shipments, DD Form 619, OMB Control Number 0702-0022.

Needs and Uses: Since household goods (HHG) move at Government expense, data is needed to choose the best service at least cost and to know when accessorial services are chargeable to the Government. Information serves as a bid for contract to transport HHG. Best-service-for-least-cost carrier receives the contract.

Affected Public: Business or other for profit.
