SUMMARY: A review of the Beef Promotion and Research Order (Order) and rules and regulations implementing the beef promotion and research program identified a number of changes to eliminate sections which are duplicative or obsolete and will avoid current and future conflict. The revisions eliminate certain sections dealing with membership on the Cattlemen's Beef Promotion and Research Board (Board), obtaining refunds, and other miscellaneous provisions.

SUPPLEMENTARY INFORMATION: This rule amends the Order and Rules and Regulations (7 CFR part 1260). The Order and regulations are effective under the Beef Promotion and Research Act of 1985 (Act).

This regulatory action is being taken as part of the National Performance Review program to eliminate unnecessary regulations and improve those that remain in force.

Executive Orders 12866 and 12778 and the Regulatory Flexibility Act

This rule has been determined to be not significant for purposes of Executive Order 12866 and therefore has not been reviewed by the Office of Management and Budget (OMB).

This rule was reviewed under Executive Order 12778, Civil Justice Reform. It is not intended to have a retroactive effect. This rule would not preempt any State or local laws, regulations, or policies unless they present an irreconcilable conflict with this rule.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 11 of the Act, a person subject to the Order may file a petition with the Secretary stating that the Order, any provision of the Order, or any obligation

imposed in connection with the Order, is not in accordance with law and requesting a modification of the Order or an exemption from the Order. The petitioner is afforded the opportunity for a hearing on the petition. After a hearing, the Secretary would rule on the petition. The Act provides that the district courts of the United States in any district in which such person is an inhabitant, or has his principal place of business, has jurisdiction to review the Secretary's ruling on the petition, if a complaint for that purpose is filed within 20 days after the date of the entry of the ruling.

Effect on Small Entities

The Administrator of the Agricultural Marketing Service (AMS) has determined that this rule will not have a significant economic impact on a substantial number of small entities as defined by the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), because the changes are primarily to remove obsolete and duplicate material.

Paperwork Reduction

Information collection requirements and recordkeeping provisions contained in 7 CFR part 1260 have been previously approved by OMB and assigned OMB Control No. 0581-0093 under the Paperwork Reduction Act of 1980.

No additional recordkeeping requirements are imposed as a result of this rule.

Background and Proposed Changes

A review of the Order and regulations was conducted in response to the President's Regulatory Review Initiative of March 4, 1995. As a result, a number of paragraphs were identified that could be removed without adverse impact to the program. The amendments eliminate sections which are duplicative or obsolete or will avoid conflicting information.

Sections which are obsolete or are duplicated in other sections involve initial membership on the Board (§ 1260.580 and § 1260.590). Other sections (§ 1260.150, 151, 173, 174, and 181) originally implemented a statutory provision allowing producers to request refunds prior to the May 1988 referendum and provided for establishing escrow accounts to pay refunds. These sections became obsolete after a referendum in which producers voted in favor of mandatory assessments.

A definition which is obsolete as a consequence of removing the sections it pertains to is: Referendum (§ 1260.110).

After consideration of all relevant material with regard to the removal of

the provisions as hereinafter set forth, it is found that these provisions no longer tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it is also found and determined that, upon good cause, it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice or to engage in further public procedure prior to implementing this action because: The sections being removed are either duplicative or obsolete and removal will not alter any aspect of the program.

NATIONAL CREDIT UNION ADMINISTRATION**12 CFR Parts 701, 705 and 741****Requirements for Insurance and Technical Amendments**

AGENCY: National Credit Union Administration (NCUA).

ACTION: Final rule.

SUMMARY: The final rule consolidates all current regulations and requirements that apply to federally insured state-chartered credit unions (FISCUs) in one place, the regulations on requirements for insurance. The rule does not impose any new requirements on FISCUs. This rule will aid FISCUs by simplifying the process of determining which regulations they must follow.

SUPPLEMENTARY INFORMATION:

Background

In August 1995, the NCUA requested comments on proposed changes to part 741 of its regulations. 60 FR 39274 (August 2, 1995). Part 741 applies to all credit unions whose accounts are insured by the National Credit Union Share Insurance Fund (NCUSIF). It applies to federal credit unions (FCUs), FISCUs and credit unions making application for insurance of accounts. Part 741 also serves as a reference for FISCUs in determining which NCUA rules apply to them. Some regulations that apply to FISCUs, however, are not currently included or referenced in part 741. Additionally, the Agreement for Insurance of Accounts, which outlines conditions for state-chartered credit unions obtaining and maintaining federal insurance, contains requirements that are not included in part 741. This final rule corrects those shortcomings by addressing, in part 741, all regulations and requirements that apply to FISCUs. This revision will aid FISCUs by simplifying the process of determining which regulations they must follow. The revision does not impose any additional requirements or new burdens on FISCUs.

Additionally, the revision reorganizes part 741 into subparts A and B. Subpart A contains requirements that apply to all insured credit unions and are not codified elsewhere in NCUA's regulations. Subpart B contains requirements that are set forth in various other parts of NCUA's regulations affecting FCUs and that are, by incorporation in part 741, applicable to FISCUs as well.

Summary of Comments

Two FISCUs, four trade groups and two credit union leagues responded to the proposal. Five of the commenters expressed total support for the amendments, one expressed qualified support and two objected. The supportive commenters praised the proposal because it simplifies the process for determining which regulations apply, it clarifies items not mentioned elsewhere and it deletes repetitious material. The revised index was cited by one commenter as a particularly useful tool.

One commenter took exception to the following sections of the proposal: Criteria § 741.3, Maximum Public Unit and Nonmember Accounts and Low Income Designation § 741.204, Corporate Credit Unions § 741.206, Management Official Interlocks § 741.209, Administrative Actions, Adjudicative Hearings, Rules of Practice and Procedure § 741.213, Records Preservation Program § 741.215, Truth in Savings § 741.217 and Involuntary Liquidation and Creditor Claims § 741.218. The commenter did not object to the substance of the sections. The objection was based on the misperception that NCUA is "taking more and more authority over state chartered credit unions." The NCUA Board notes that all of these provisions currently apply to FISCUs.

Two commenters took exception to the provision in proposed § 741.3 which requires FISCUs to establish an Investment Valuation Reserve Account for those investments owned by FISCUs that do not conform to NCUA's investment regulation for federal credit unions (12 CFR part 703). The reserve must equal the net excess of book value over current market value. If the market value cannot be determined, a reserve equal to the full book value must be reserved. One commenter maintained that this places an undue burden on state-chartered credit unions that are following state law. Further, the commenter argued it will be costly, difficult and time consuming. The commenters also questioned the practice of "incorporating contractual terms and conditions into a regulation." The commenters are apparently under the misimpression that this is a new requirement being imposed on FISCUs. For safety and soundness reasons, this requirement is and for many years has been, imposed on FISCUs by the Agreement for Insurance of Accounts signed and agreed to all insured state chartered credit unions as a condition of federal insurance.

Final Rule

The NCUA Board adopts without change the proposed rule published on August 2, 1995, as the final rule. 60 FR 39274. Further, the Board is making technical corrections to Sections 701.6, 701.21(a), 701.23(b)(2)(iii) and 705.3. These sections reference part 741 and must be revised to reflect the redesignated section numbers in part 741. Since these changes are housekeeping and do not have any substantive effect on credit unions, the Board finds it unnecessary to either issue a proposed rule or delay the rule's effective date.

Regulatory Procedures

Regulatory Flexibility Act

The Regulatory Flexibility Act requires NCUA to prepare an analysis to describe the significant economic impact any proposed regulation may have on a substantial number of small credit unions (primarily those under \$1 million in assets). The final rule is a compilation of existing regulations and requirements already in place for FISCUs. It does not add any additional requirements or burden. Accordingly, the NCUA Board has determined and certifies under the authority granted in 5 U.S.C. 605(b) that the final rule, if adopted, will not have a significant economic impact on a significant number of small credit unions and that a Regulatory Flexibility Act analysis is not required.

Paperwork Reduction Act

The final rule does not impose any new paperwork requirements.

Executive Order 12612

The final rule does not make any substantive changes. Therefore, no new analysis of part 741's effect on state interests is required.

§ 741.0 Scope.

The provisions of this part apply to federal credit unions, federally insured state-chartered credit unions, and credit unions making application for insurance of accounts pursuant to Title II of the Act, unless the context of a provision indicates its application is otherwise limited. This part prescribes various requirements for obtaining and maintaining federal insurance and the payment of insurance premiums and capitalization deposit. Subpart A of this part contains substantive requirements that are not codified elsewhere in this chapter. Subpart B of this part lists additional regulations, set forth elsewhere in this chapter as applying to federal credit unions, that also apply to federally insured state-chartered credit unions. As used in this part, “insured credit union” means a credit union whose accounts are insured by the National Credit Union Share Insurance Fund (NCUSIF).

Subpart A—Regulations that Apply to Both Federal Credit Unions and Federally Insured State-Chartered Credit Unions and That are not Codified Elsewhere in NCUA’s Regulations

§ 741.1 Examination.

As provided in Sections 201 and 204 of the Act (12 U.S.C. 1781 and 1784), the NCUA Board is authorized to examine any insured credit union or any credit union making application for insurance of its accounts. Such examination may require access to all records, reports, contracts to which the credit union is a party, and information concerning the affairs of the credit union. Upon request, such documentation must be provided to the NCUA Board or its representative. Any credit union which makes application for insurance will be required to pay the cost of such examination and processing. To the maximum extent feasible, the NCUA Board will utilize examinations conducted by state regulatory agencies.

§ 741.2 Maximum borrowing authority.

Any credit union which makes application for insurance of its accounts pursuant to Title II of the Act, or any insured credit union, must not borrow, from any source, an aggregate amount in excess of 50 per centum of its paid-in and unimpaired capital and surplus (shares and undivided earnings, plus net income or minus net loss).

§ 741.3 Criteria.

In determining the insurability of a credit union which makes application for insurance and in continuing the insurability of its accounts pursuant to Title II of the Act, the following criteria shall be applied:

(a) *Adequacy of reserves* (1) *General rule.* State-chartered credit unions must meet, at a minimum, the statutory reserve and full and fair disclosure requirements imposed on federal credit unions by Section 116 of the Act and part 702 of this chapter.

(2) *Charges against reserves.* State-chartered credit unions may charge losses, including losses other than loan losses, against the statutory reserve in accordance with either state law or procedures established by the state supervisory authority. However, charges for losses other than loan losses shall be made only after notification to the Regional Director, unless the credit union's ratio of capital to assets is greater than 6 percent and the charge reduces the ratio by no more than 1/2 percent. For purposes of this section, capital is defined as the total of the Regular Reserve, the Allowance for Loan Losses, the Allowance for Investment Losses, Undivided Earnings, and other reserves.

(3) *Special reserve for nonconforming investments.* State-chartered credit unions (except state-chartered corporate credit unions) are required to establish an additional special reserve for investments if those credit unions are permitted by their respective state laws to make investments beyond those authorized in the Act or the NCUA Rules and Regulations. For any investment other than loans to members and obligations or securities expressly authorized in Title I of the Act and part 703 of this chapter, as amended, state-chartered credit unions (except state-chartered corporate credit unions) are required to establish and maintain at the end of each accounting period and prior to payment of any dividend, an Investment Valuation Reserve Account in an amount at least equal to the net excess of book value over current market value of the investments. If the market value cannot be determined, an amount equal to the full book value will be established. When at the end of any dividend period, the amount in the Investment Valuation Reserve exceeds the difference between book value and market value, the board of directors may authorize the transfer of the excess to Undivided Earnings.

(b) *Financial condition and policies.* The following factors are to be considered in determining whether the

credit union's financial condition and policies are both safe and sound:

(1) The existence of unfavorable trends which may include excessive losses on loans (i.e., losses which exceed the regular reserve or its equivalent [in the case of state-chartered credit unions] plus other irrevocable reserves established as a contingency against losses on loans), the presence of special reserve accounts used specifically for charging off loan balances of deceased borrowers, and an expense ratio so high that the required transfers to reserves create a net operating loss for the period or that the net gain after these transfers is not sufficient to permit the payment of a nominal dividend;

(2) The existence of written lending policies, including adequate documentation of secured loans and the protection of security interests by recording, bond, insurance, or other adequate means, adequate determination of the financial capacity of borrowers and co-makers for repayment of the loan, and adequate determination of value of security on loans to ascertain that said security is adequate to repay the loan in the event of default;

(3) Investment policies which are within the provisions of applicable law and regulations, i.e., the Act and part 703 of this chapter for federal credit unions and the laws of the state in which the credit union operates for state-chartered credit unions, except state-chartered corporate credit unions. State-chartered corporate credit unions are permitted to make only those investments that are in conformance with part 704 of this chapter and applicable state laws and regulations;

(4) The presence of any account or security, the form of which has not been approved by the Board, except for accounts authorized by state law for state-chartered credit unions.

(c) *Fitness of management.* The officers, directors, and committee members of the credit union must have conducted its operations in accordance with provisions of applicable law, regulations, its charter and bylaws. No person shall serve as a director, officer, committee member, or employee of an insured credit union who has been convicted of any criminal offense involving dishonesty or breach of trust, except with the written consent of the Board.

(d) *Insurance of member accounts* would not otherwise involve undue risk to the NCUSIF. The credit union must maintain adequate fidelity bond coverage as specified in § 741.201. Any circumstances which may be unique to

the particular credit union concerned shall also be considered in arriving at the determination of whether or not an undue risk to the NCUSIF is or may be present. For purposes of this section, the term "undue risk to the NCUSIF" is defined as a condition which creates a probability of loss in excess of that normally found in a credit union and which indicates a reasonably foreseeable probability of the credit union becoming insolvent because of such condition, with a resultant claim against the NCUSIF.

(e) *Powers and purposes.* The credit union must not perform services other than those which are consistent with the promotion of thrift and the creation of a source of credit for its members, except as otherwise permitted by law or regulation.

(f) *Letter of disapproval.* A credit union whose application for share insurance is disapproved shall receive a letter indicating the reasons for such disapproval, a citation of the authority for such disapproval, and suggested methods by which the applying credit union may correct its deficiencies and thereby qualify for share insurance.

(g) Nothing in this section shall preclude the NCUA Board from imposing additional terms or conditions pursuant to the insurance agreement.

§ 741.4 Insurance premium and one percent deposit.

(a) *Scope.* This section implements the requirements of Section 202 of the Act (12 U.S.C. 1782) providing for capitalization of the NCUSIF through the maintenance of a deposit by each insured credit union in an amount equaling one percent of its insured shares and payment of an annual insurance premium.

(b) *Definitions.* For purposes of this section:

(1) *Insurance year* means the period from January 1 through December 31;

(2) *Insured shares* means the total amount of a credit union's share, share draft and share certificate accounts, or their equivalent under state law (which may include deposit accounts), authorized to be issued to members, other credit unions, public units, or nonmembers (where permitted under the Act or equivalent state law). "Insured shares" does not include amounts in excess of insurance coverage as provided in part 745 of this chapter; and

(3) *Normal operating level* means a total value of the NCUSIF equity equaling 1.3 percent of the aggregate of all insured shares in insured credit unions as of the end of the preceding insurance year, or such lower value as

established by action of the NCUA Board.

(c) *One percent deposit.* Each insured credit union shall maintain with the NCUSIF during each insurance year a deposit in an amount equaling one percent of the total of the credit union's insured shares as of the close of the preceding insurance year. The deposit amount shall be adjusted annually on a date to be determined by the NCUA Board.

(d) *Premium.* Unless waived by the NCUA Board, each insured credit union shall pay to the NCUSIF, on a date to be determined by the NCUA Board, an insurance premium for that insurance year in an amount equaling one-twelfth of one percent of the credit union's total insured shares as of the close of the preceding insurance year.

(e) *Redistribution of NCUSIF equity.* When the NCUSIF exceeds its normal operating level, the NCUA Board will, at least annually, make a proportionate adjustment for insured credit unions of the amount necessary to reduce the NCUSIF to its normal operating level. Such adjustment will be in the form determined by the NCUA Board and may include a waiver of insurance premiums, premium rebates, and/or distributions from NCUSIF equity.

(f) *Forms 1304 and 1305.* A certified copy of Form 1304 will be provided to all federally insured state-chartered credit unions and Form 1305 to all federally chartered credit unions in connection with the computation and funding of their annual premium payment and any change in their one percent deposit. Form 1305 also includes the annual operating fee. Forms 1304 and 1305 are invoices and are precalculated based on the credit union's previous year's insured shares. The forms provide for any adjustments declared by the NCUA Board, resulting in a single net transfer of funds between the credit union and the NCUA. Additional copies of each credit union's Form 1304 and 1305 may be obtained from the appropriate NCUA Regional Office.

(g) *New charters.* A newly-chartered credit union that obtains share insurance coverage from the NCUSIF during the insurance year in which it has obtained its charter shall not be required to pay an insurance premium for that insurance year. The credit union shall fund its one percent deposit on a date to be determined by the NCUA Board in the following insurance year, but shall not participate in any distribution from NCUSIF equity related to the period prior to the credit union's funding of its deposit.

(h) *Conversion to Federal insurance.* An existing credit union that converts to insurance coverage with the NCUSIF during an insurance year shall immediately fund its one percent deposit based on the total of its shares as of the close of the month prior to conversion and shall pay a premium (unless waived in whole or in part for all insured credit unions during that year) in an amount that is prorated to reflect the remaining number of months in the insurance year. The credit union will be entitled to a prorated share of any distribution from NCUSIF equity declared subsequent to the credit union's conversion.

(i) *Mergers of nonfederally insured credit unions.* Where a nonfederally insured credit union merges into a federally insured credit union, the continuing federally insured credit union shall immediately pay to the NCUSIF a prorated insurance premium (unless waived in whole or in part for all federally insured credit unions), and an additional one percent deposit based upon the increase in insured shares resulting from the merger.

(j) *Return of deposit.* Any insolvent credit union that is closed for involuntary liquidation will not be entitled to a return of its deposit. Any solvent credit union that is closed due to involuntary liquidation shall be entitled to a return of its deposit prior to final distribution of member shares. Any other credit union whose insurance coverage with the NCUSIF terminates will be entitled to a return of the full amount of its deposit immediately after the final date on which any shares of the credit union are insured, except that the NCUA Board reserves the right to delay payment by up to one year if it determines that immediate payment would jeopardize the financial condition of the NCUSIF. This includes termination of insurance due to mergers and consolidations. A credit union that receives a return of its deposit during an insurance year shall have the option of leaving a nominal sum on deposit with the NCUSIF until the next distribution from NCUSIF equity and will thus qualify for a prorated share of the distribution.

(k) *Assessment of administrative fee and interest for delinquent payment.* Each federally insured credit union shall pay to the NCUA an administrative fee, the costs of collection, and interest on any delinquent payment of its capitalization deposit or insurance premium. A payment will be considered delinquent if it is postmarked later than the date stated in the invoice provided to the credit union. The NCUA may

waive or abate charges or collection of interest, if circumstances warrant.

(1) The administrative fee for a delinquent payment shall be an amount as fixed from time to time by the NCUA Board based upon the administrative costs of such delinquent payments to the NCUA in the preceding year.

(2) The costs of collection shall be calculated as the actual hours expended by NCUA personnel multiplied by the average hourly cost of the salaries and benefits of such personnel.

(3) The interest rate charged on any delinquent payment shall be the U.S. Department of the Treasury Tax and Loan Rate in effect on the date when the payment is due as provided in 31 U.S.C. 3717.

§ 741.5 Notice of termination of excess insurance coverage.

In the event of a credit union's termination of share insurance coverage other than that provided by the NCUSIF, the credit union must notify all members in writing of such termination at least thirty days prior to the effective date of termination.

§ 741.6 Financial and statistical and other reports.

(a) Each operating insured credit union with assets in excess of \$50,000,000 shall file with the NCUA a quarterly Financial and Statistical Report on Form NCUA 5300, on or before January 22 (as of the previous December 31), April 22 (as of the previous March 31), July 22 (as of the previous June 30) and October 22 (as of the previous September 30) of each year. DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 35**

[Docket No. 94-ANE-50; Notice No. 35-ANE-01]

Special Conditions; Hamilton Standard Model 247F Propeller

AGENCY: Federal Aviation Administration, DOT.

ACTION: Final special conditions.

SUMMARY: These special conditions are issued for Hamilton Standard Model

247F propeller with electronic propeller and pitch control system. The applicable regulations currently do not contain adequate or appropriate safety standards for constant speed propellers with electronic propeller and pitch control. These special conditions contain the additional safety standards which the Administrator considers necessary to establish a level of safety equivalent to that established by the airworthiness standards of part 35 of the Federal Aviation Regulations (FAR).

EFFECTIVE DATE: December 28, 1995.

FOR FURTHER INFORMATION CONTACT: Martin Buckman, Engine and Propeller Standards Staff, ANE-110, Engine and Propeller Directorate, Aircraft Certification Service, FAA, New England Region, 12 New England Executive Park, Burlington, Massachusetts 01803-5229; telephone (617) 238-7112; fax (617) 238-7199.

SUPPLEMENTARY INFORMATION:**Background**

On March 8, 1993, Hamilton Standard applied for an amendment to the type certificate of Model 247F propeller. The new propeller would use a new electronic propeller and pitch control system in place of the primary governor control and synchrophaser unit.

The existing propeller pitch control is normally monitored by a governor which senses propeller speed and adjusts the pitch to absorb the engine power and therefore maintains the propeller at the correct RPM. When the primary governor fails, the propeller pitch is controlled by an overspeed governor. This type of system is conventional and its airworthiness considerations are addressed by part 35 of the FAR's.

The FAA has determined that special conditions are necessary to certificate a Hamilton Standard electronic propeller and pitch control in place of the primary governor control and synchrophaser unit for the Model 247F propeller. This control is designed to operate with existing mechanical and hydraulic interface of the engine and propeller. Electronic propeller and pitch controls introduce potential failures that can result in unsafe conditions. These types of failures are not addressed by the requirements of part 35. These failures can lead to the following possible unsafe conditions:

- (1) Loss of control of the propeller,
- (2) Instability of a critical function,
- (3) Unwanted change in propeller pitch causing improper thrust/overspeed, and
- (4) Unwanted action of a critical control function resulting in propeller flat pitch or reverse.
