Department of the Navy**Naval Research Advisory Committee; Closed Meeting**

Pursuant to the provisions of the Federal Advisory Committee Act (5 U.S.C. App. 2), notice is hereby given that the Naval Research Advisory Committee Panel to Review the Department of the Navy Science and Technology Program will meet on December 11, 12, and 13, 1995, at the Naval Research Laboratory, Washington, DC. The meeting will commence at 9:00 a.m. and terminate at 5:30 p.m. on December 11 and 12; and commence at 8:30 a.m. and terminate at 3:00 p.m. on December 13, 1995. All sessions of the meeting will be closed to the public.

The purpose of the meeting is to provide an assessment of the Department of the Navy Science and Technology Program, make

recommendations on how to best posture the Department to be a world class customer of science and technology innovation, and determine whether the Department's execution philosophy and management structure allow for the most effective utilization of innovation. The agenda will consist of Executive Sessions devoted to writing a report of their findings and recommendations. The Executive Sessions will include discussions of previously briefed material from the Joint Chiefs of Staff, Department of Defense, Department of the Army, Department of the Air Force, Advanced Research Projects Agency, and internal Department of the Navy sources. These discussions will contain (1) classified information that is specifically authorized under criteria established by Executive Order to be kept secret in the interest of national defense and are in fact properly classified pursuant to such Executive Order; and (2) sensitive Department of Defense information that would be likely to significantly frustrate proposed agency action if it is disclosed to the public prematurely. The classified, sensitive, and non-classified matters to be discussed are so inextricably intertwined as to preclude opening any portion of the meeting.

Accordingly, the Under Secretary of the Navy has determined in writing that the public interest requires that all sessions of the meeting be closed to the public because they will be concerned with matters listed in section 552b(c)(1) and (9)(B) of title 5, United States Code.

This Notice is being published late because the Federal Government furlough caused administrative delays which constitute an exceptional circumstance, not allowing Notice to be published in the Federal Register at least 15 days before the date of the meeting.

For further information concerning this meeting contact: Ms. Diane Mason-Muir, Office of Naval Research, Naval Research Advisory Committee, 800 North Quincy Street, Arlington, VA 22217-5660, Telephone Number: (703) 696-6769.
