

to the needs of victims of domestic violence.

WomanKind strives to: (1) Increase health care providers' capacity and motivation to identify and refer battered women to WomanKind advocates from several hospital departments, (2) facilitate clients' decisions to alter their circumstances, and (3) work with clients to identify and access existing community services that provide practical support in developing and implementing a plan for change.

The evaluation is being conducted to determine the extent to which the objectives listed above are achieved and to identify the integration and level of contribution made by each specific program element. If proven effective, this program could be used with other domestic violence prevention strategies to reduce the incidence of domestic violence.

Advisory Committee; Notice of Meeting

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: This notice announces a forthcoming meeting of a public advisory committee of the Food and Drug Administration (FDA). This notice also summarizes the procedures for the meeting and methods by which

interested persons may participate in open public hearings before FDA's advisory committees.

FDA has established an Advisory Committee Information Hotline (the hotline) using a voice-mail telephone system. The hotline provides the public with access to the most current information on FDA advisory committee meetings. The advisory committee hotline, which will disseminate current information and information updates, can be accessed by dialing 1-800-741-8138 or 301-443-0572. Each advisory committee is assigned a 5-digit number. This 5-digit number will appear in each individual notice of meeting. The hotline will enable the public to obtain information about a particular advisory committee by using the committee's 5-digit number. Information in the hotline is preliminary and may change before a meeting is actually held. The hotline will be updated when such changes are made.

MEETING: The following advisory committee meeting is announced:

Any interested person who wishes to be assured of the right to make an oral presentation at the open public hearing portion of a meeting shall inform the contact person listed above, either orally or in writing, prior to the meeting. Any person attending the hearing who does not in advance of the meeting request an opportunity to speak will be allowed to make an oral presentation at the
