Federal Energy Regulatory Commission

[Project No. 2496-006 Oregon]

Eugene Water & Electrical Board; Notice of Intent to Hold a Public Meeting in Springfield, Oregon, to Discuss the Draft Environmental Impact Statement (DEIS) for the Proposed Relicensing of the Leaburg-Walterville Hydroelectric Project

November 27, 1995.

On October 13, 1995, the Commission staff mailed the DEIS to the Environmental Protection Agency, resource and land management agencies, and interested organizations and individuals. This document evaluates the environmental consequences of the proposed relicensing of the Leaburg-Walterville Hydroelectric Project at the installed capacity of 21.5 megawatts. The project is located on the Mckenzie River in Land County, Oregon.

The public meeting will be recorded by a court reporter and is scheduled to be held at 7 p.m. on Tuesday, December 19, 1995, at the Thurston High School auditorium which is located just off Highway 126, at 333 North 58th Street, Springfield, Oregon.

At the meeting, Commission Staff will summarize major DEIS findings and recommendations. Resource agency personnel and other interested persons will have an opportunity to submit oral and written comments on the DEIS for the Commission's public record. Written comments on the DEIS may also be sent to: The Federal Energy Regulatory Commission, 888 First Street N.E., Washington, DC. 20426. Comments must be received before December 26, 1995. All correspondence should include the project name and number on the first page of the correspondence.

The DEIS considers recommendations of government agencies, nongovernmental organizations, affected Indian tribes, the public, Eugene Water & Electric Board (EWEB), and the Commission's staff. It evaluates natural and social resource benefits, the economic costs, and the project-specific
