[Docket No. RP95-454-001]

Transwestern Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

November 28 1995.

Take notice that on November 16, 1995, Transwestern Pipeline Company (Transwestern) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets:

Effective November 14, 1995

15th Revised Sheet No. 90A

6th Revised Sheet No. 91

On September 29, 1995, Transwestern made a filing pursuant to Section 25.6, Interest Rate Adjustment Filings, of the General Terms and Conditions of Transwestern's FERC Gas Tariff, and in accordance with the Stipulation and Agreements in Docket Nos. RP93-56 (TCR-11), RP93-86 (TCR-12), RP93-139 (TCR-13) and RP94-60 (TCR-14) (TCR Settlements). In the filing Transwestern proposed to adjust TCR Surcharge C (Nos. 11-13) and TCR Surcharging C (No. 14) to: (1) True-up for the actual quarterly interest rates published by the Commission for the

period October 1, 1994 through September 30, 1995; and (2) estimate the interest expense for the upcoming period of October 1, 1995 through October 31, 1996.

Transwestern states that the Public Utilities Commission of the State of California (CPUC) and Pacific Gas and Electric Company (PG&E) both filed timely motions to intervene and requests for clarification. CPUC stated that it believed Transwestern calculated the interest adjustment correctly but that Section 25.6 of Transwestern's tariff references an earlier period of Transwestern's TCR filings, beginning November 1, 1989, and limits such adjustments to three filings. CPUC acknowledged that the TCR Surcharge C interest rate filing is consistent with Transwestern's previous TCR Settlements but was not clear whether Transwestern's tariff needs to be revised for clarification purposes. In that regard, the CPUC recommended that Section 25.6 of Transwestern's tariff be revised to delete the word "three." PG&E also sought clarification of the same tariff provisions.

On October 30, 1995, FERC issued a letter order (Order) in this docket, accepting Transwestern's filing and directing Transwestern to file tariff language to revise Section 25.6, consistent with its underlying TCR Settlements.

Transwestern states that in compliance with such Order, rather than simply deleting the word "three" from Section 25.6 it has separated Section 25.6 into two sections. First, the existing language in Section 25.6 has been modified to indicate that such language refers only to TCR B. Second, a new subsection (b) has been added that applies the interest rate adjustment mechanism to TCR Surcharge C, using language consistent with TCR Surcharge B. Transwestern believes these changes will eliminate any confusion the previous tariff language may have caused.

Transwestern states that due to an inadvertent administrative oversight, it is making this filing two days after the due date specified in the Order. Transwestern apologizes for any inconveniences this late filing may have caused the Commission or to the parties in this proceeding.

Transwestern states that copies of the filing were served on its gas utility customers, interested state commissions, and all parties to this proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Room 1A,

Washington, DC 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure. Under Section 154.209, all such protests should be filed on or before November 28, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.
