

12038, and Secretary of Energy Delegation Order No. 0204-112, Applicants, in Docket No. CP96-83-000, request authorization for Norteño to succeed to the Presidential Permit issued to WGI in Docket Nos. CP69-236 and CP91-2126-000. The Presidential Permit covers the operation of pipeline facilities at the United States-Mexico border. The authorization sought by this application does not seek any change in the terms and conditions of WGI's existing Presidential Permit apart from the succession of Norteño as the holder of that authority.

In addition, pursuant to Section 3 of the Natural Gas Act and Sections 153.1 through 153.8 of the Commission's Regulations Applicants, in Docket No. CP96-84-000, request authorization to succeed to all of WGI's existing authorizations to import and export natural gas. The authorization sought by this application does not seek any change in the terms and conditions of WGI's existing import and export authority apart from the succession of Norteño as the holder of that authority. All of this is more fully set forth in the applications which are on file with the Commission and which are open to the public for inspection.

Applicants request that these authorizations be made effective no later than April 1, 1996, the first fully day of operation of Norteño. In addition, Applicants state that the sole purpose of these applications is to restructure WGI as a natural gas company by transferring certain of its system operations to Norteño. Applicants further state that the proposed applications will have no adverse impact on any of the existing services of WGI and there will be no disruption or interruption of current services.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 21, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 3, 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on these applications if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificates and permission and approval for the proposed authorizations and abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

**[Docket No. GT96-34-000]**

**Transcontinental Gas Pipe Line Corporation; Notice of Proposed Changes in FERC Gas Tariff**

November 30, 1995.

Take notice that on November 22, 1995, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing certain revised tariff sheets to its FERC Gas Tariff, Original Volume No. 2, which tariff sheets are enumerated in Appendix A attached to the filing. The proposed effective date of such tariff sheets is January 1, 1996.

Transco states that the purpose of the instant filing is to terminate Section 7(c) firm transportation service under Rate Schedules X-287 and X-288 and to convert such services to service provided under Rate Schedule FT pursuant to Transco's blanket transportation certificate and Part 284 of the Commission's Regulations effective January 1, 1996. In that regard, Transco and its APEC shippers have agreed that, as part of the conversion process, converting APEC shippers will be entitled to elect annual firm transportation service in lieu of seasonal (November 15 through March 31) service. Long Island Lighting Company (LILCO) and New Jersey Natural Gas Company (New Jersey) have notified Transco of their election to convert their

APEC service to annual firm transportation service.

Transco states that the rates applicable to the converted service are the generally applicable charges under Rate Schedule FT (including fuel), plus reservation and commodity rate surcharges as set forth on Original Sheet No. 40E to Transco's Third Revised Volume No. 1 Tariff. Original Sheet No. 40E sets forth the charges applicable to APEC firm transportation service which has been converted from individually certificated Section 7(c) firm transportation service to annual firm transportation service under Transco's blanket certificate and Part 284 of the Commission's regulations.

Transco states that copies of the filing are being mailed to LILCO, New Jersey and interested State Commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E. Washington, D.C. 20426, in accordance with §§ 385.214 and 385.211 of the Commission's Rules and Regulations. Under Section 154.209, all such motions or protests should be filed on or before December 4, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
