Intent To Prepare a Draft Supplement to a Final Environmental Impact Statement (EIS) for Proposed Construction of a Water Supply Reservoir on Sugar Creek in Williamson and Johnson Counties, IL

AGENCY: Department of the Army, U.S. Army Engineer District, Louisville, Corps of Engineers, CEORL-PD-R, P.O.

Box 59, Louisville, Kentucky 40201-0059.

ACTION: Notice of Intent to Prepare a Draft SEIS.

SUMMARY: The U.S. Army Engineer District, Louisville Corps of Engineers is initiating the preparation of a Draft Supplement to a Final EIS for a regulatory permit application from the City of Marion, Illinois. The proposed action by the City of Marion is the construction of a water supply reservoir on Sugar Creek in Williamson and Johnson Counties, Illinois by the City of Marion, Illinois. The Draft supplement will address only the alternative action of purchase of water from Rend Lake, an existing reservoir in southern Illinois.

FOR FURTHER INFORMATION CONTACT: Questions or comments concerning the preparation of this Draft Supplement to the Final EIS should be addressed to Mr. Terry Siemsen at the above address or by telephone (502) 582-5550.

SUPPLEMENTARY INFORMATION: The Louisville District prepared a Draft and Final EIS (Final EIS completed July 1995) for this permit application. The Final EIS concluded that purchase of water from Rend Lake by the City of Marion was not a viable alternative since the information available at that time indicated that the available water supply of that reservoir was fully committed. Since that document was completed and circulated for public opinion, additional information has been provided to the Louisville District that indicates that the public water supply capability of Rend Lake has not been fully committed.

Dated: December 1, 1995.
Michael F. Hullihan,
Lieutenant Colonel, Deputy Commander.

Movement of Foreign Military Sales (FMS) Shipments—Policy Change

AGENCY: Military Traffic Management Command.

ACTION: Notice.

SUMMARY: The Military Traffic Management Command (MTMC) is changing the application of the Guaranteed Traffic (GT) and related freight movement programs to include movement of Foreign Military Sales (FMS) materiel. The policy change is effective 15 Jan 96 for new movements and for resolicited MTMC GT freight solicitations. Effective 15 Mar 96 the policy change will apply to all other applicable effective MTMC GT agreements and related freight movement programs. Carriers performing under existing GT agreements and related freight movement programs will be given the opportunity to voluntarily participate in the FMS movement. FMS movements will only be offered to those carriers who voluntarily participate. This policy change is the result of congressional repeal of most tariff requirements for motor carriers (other than carriers of household goods) in the Interstate Commerce Act.

DATES: This policy change is effective 15 Jan 96 for new movements and for resolicited MTMC GT freight solicitations; and effective 15 Mar 96 for current MTMC GT agreements and related freight movement programs.

ADDRESSES: Headquarters, Military Traffic Management Command, ATTN: MTOP-T-ND, Room 621, 5611 Columbia Pike, Falls Church, VA 22041-5050.

FOR FURTHER INFORMATION CONTACT:

Ms. Barbara McGinnis, MTOP-T-ND, (703) 681-6103.

SUPPLEMENTARY INFORMATION:

Historically, The Interstate Commerce Act provided that carriers could provide transportation only at the rates set forth in a tariff filed with the Interstate Commerce Commission. A carrier could not charge a shipper any rate different from the filed tariff rate, with the exception that under 49 U.S.C. 10721 the carrier could transport property for the U.S. Government "at reduced rates", meaning rates that were reduced from the common carrier's tariff rates. By Public Law 103-311 (The Trucking Industry Regulatory Reform Act of 1994), effective 26 Aug 94, Congress repealed the requirement that motor carriers (other than carriers of household goods) file a tariff and apply that tariff. With some exceptions, tariffs are no longer filed by motor carriers with the Interstate Commerce Commission, and there is, accordingly, no requirement that carriers apply a tariff rate to FMS traffic. MTMC's policy change in its movement programs will require motor carriers to participate in FMS shipments for new movements and resolicited GT agreements; and, will accommodate motor carrier's voluntary agreements to include FMS shipments in currently effective GT agreements and related freight movement programs.

Army Federal Register Liaison Officer.
