

44 FR 31058 (5/30/79), 45 FR 77220 (11/21/80), 46 FR 2766 (1/12/81), 47 FR 28522 (6/30/82), 47 FR 51841 (11/17/82), 50 FR 11610 (3/22/85), 51 FR 25968 (7/17/86), 51 FR 44406 (12/9/86), 52 FR 381 (1/5/87), 53 FR 49818 (12/13/90), 55 FR 5112 (2/13/90), 55 FR 37604 (9/12/90), 55 FR 42534 (10/19/90), 56 FR 1054 (1/10/91), 57 FR 28003 (6/23/92), 57 FR 4519 (10/1/92), 58 FR 29853 (5/24/93), 58 FR 40852 (7/30/93) and 58 FR 57674 (10/26/93). The IRS records are from the Wage and Information Returns (IRP) Master File, Privacy Act system Treas/IRS 22.061. The SSA records are from the Earnings Recording and Self-Employment Income system, HHS/SSA/OSR 09-60-0059.

d. *Period of Match:* The initial data exchanges are expected to begin 40 days after the matching agreements are signed by the Data Integrity Boards (DIB's) and Congressional Offices and OMB have been notified, and 30 days from the date of publication of notice in the Federal Register or 40 days from the date this notice is approved, whichever is later. These matches may be extended by the involved DIB's for a twelve month period provided the agencies participating in the match certify to the DIB's, within three months of the determination date of the original match, that the matching program will be conducted without change and the matching programs have been conducted in compliance with the original matching agreements. The matches will not continue past the date legislative authority to obtain this information expires.

BILLING CODE 8320-01-M

Privacy Act of 1974; New System of Records—Automated Customer Registration System (ACRS)—VA (87VA045)

AGENCY: Department of Veterans Affairs.

ACTION: Notice, new system of records.

SUMMARY: The Privacy Act of 1974 (5 U.S.C. 552(e)(4)) requires that all agencies publish in the Federal Register a notice of the existence and character of their systems of records. Notice is hereby given that the Department of Veterans Affairs (VA) is adding a new system of records entitled "Automated Customer Registration System (ACRS)—VA (87VA045)".

Federal computer security regulations require that managers and operators of Government computer systems maintain control over who accesses the resources of those systems. This system of records, which will replace the PROS/Keys

system (67VA30), consists of the administrative paperwork involved in adding, modifying or deleting access privileges to the computer resources at the VA Austin Automation Center (AAC), as well as a computer database used to grant access to those resources.

The information maintained in this system of records in hard copy and electronic form will include the names and social security numbers of VA employees, employees of other Government agencies and selected authorized vendors who require access to the computer resources at the AAC. The records will also include business address and telephone number, job title and information relating to data file and computer system access permissions granted to that individual.

Release of information from these records will only be made in accordance with the provisions of the Privacy Act of 1974 for investigatory, judicial and administrative uses. VA has determined that release of information for these purposes is a necessary and proper use of information in this system of records and that specific routine uses for transfer of this information are appropriate.

DATES AND ADDRESSES: Interested persons are invited to submit written comments, suggestions or objections regarding the proposed system of records to the Director, Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Ave., NW, Washington, DC 20420. All relevant material received before January 12, 1996, will be considered. All written comments received will be available for public inspection in the Office of Regulations Management, Room 1176, 801 I Street NW, Washington, DC 20001, between 9 a.m. and 4 p.m. only, Monday through Friday (except Federal holidays) until January 22, 1996.

If no public comment is received during the 30-day review period allowed for public comment, or unless otherwise published in the Federal Register by VA, the routine use statements included herein are effective January 12, 1996, and all other provisions included herein are effective January 12, 1996.

SUPPLEMENTARY INFORMATION: A "Report of Intention to Publish a Federal Register Notice of New System of Records" and an advance copy of the new system notice have been provided to the Chairmen of the House Committee on Government Reform and Oversight and the Senate Committee on Governmental Affairs, and the Director, Office of Management and Budget

(OMB), as required by the provisions of 5 U.S.C. 522(r) (Privacy Act), guidelines issued by OMB (50 FR 52730), December 24, 1985, Pub. L. 100-503, and follow-up OMB guidelines issued July 25, 1994 (59 FR 37917).

FOR FURTHER INFORMATION CONTACT: Nelda Cook (045/200B), Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420, telephone number (202) 565-8045.

Approved: December 1, 1995.

Jesse Brown,

Secretary of Veterans Affairs.

87VA045

SYSTEM NAME:

Automated Customer Registration System (ACRS)—Department of Veterans Affairs (VA).

SYSTEM LOCATION:

The automated records are maintained by the VA Automation Center, 1615 Woodward Street, Austin, TX 78772. The paper records will be maintained at each VA field station that has a responsibility for ACRS input.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

All Department of Veterans Affairs employees, employees of other Government agencies and authorized contractor personnel who have requested and have been granted access to the automated resources of the VA's Austin Automation Center (AAC).

CATEGORIES OF RECORDS IN THE SYSTEM:

The records in this system, in both paper and electronic form, will include the names and social security numbers of all personnel who have requested and been granted access to the automated resources at the AAC. The records will also include business address and telephone number, job title and information relating to data file and computer system access permissions granted to that individual.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Title 38, U.S.C. 501.

PURPOSE:

The purpose of this system of records is to allow the VA Austin Automation Center (AAC) in Austin, TX, to maintain a current list of all VA employees, employees of other Government agencies and authorized contractor personnel who require access to the computer resources of the AAC, in accordance with Federal computer security requirements.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

1. At the initiative of VA, pertinent information may be disclosed to appropriate Federal, State or local agencies responsible for investigating, prosecuting, enforcing or implementing statutes, rules, regulations or orders, where VA becomes aware of an indication of a violation or potential violation of civil or criminal law or regulation.

2. Disclosure of specific information may be made to a Federal agency, in response to its request, to the extent that the information requested is relevant and necessary to the requesting agency's decision in connection with hiring or retaining an employee, issuing a security clearance, conducting a security or suitability investigation on an individual, classifying jobs, awarding a contract or issuing a license, grant or other benefit.

3. Information may be provided to a congressional office in response to an inquiry from that congressional office made at the request of the individual and concerning that individual's record in this system.

4. Disclosure of information may be made to officials of the Merit Systems Protection Board, including the Office of the Special Counsel, the Federal Labor Relations Authority and its General Counsel or the Equal Employment Opportunity Commission, when requested in performance of their authorized duties, and the request is not in connection with a law enforcement investigation.

5. The Department of Veterans Affairs (VA) may disclose records in this system or records in proceedings before a court or adjudicative body before which VA is authorized to appear when VA, a VA official or employee, the United States, or an individual or entity for whom the United States is providing representation is a party to litigation or has an interest in such litigation, and VA determines that the use of such records is relevant and necessary to the litigation, *provided*, however, that in each case, the agency determines that disclosure of the records is a use of the information contained in the records that is compatible with the purpose for which the records were collected.

6. The Department of Veterans Affairs (VA) may disclose records in this system of records to the Department of Justice when VA, a VA official or employee, the United States, or an individual or entity for whom the United States is providing representation is a party to litigation or has an interest in such litigation, and

the use of such records by the Department of Justice is deemed by VA to be relevant and necessary to the litigation, *provided*, however, that in each case, the agency determines that disclosure of the records to the Department of Justice is a use of the information contained in the records that is compatible with the purpose for which the records were collected.

7. Disclosure may be made during reviews by the National Archives and Records Administration in records management inspections conducted under authority of 44 U.S.C. 2904 and 2906.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Each field station responsible for inputting records into the system will retain the original signed paper copies of requests for system access in locked containers. Data files supporting the automated system are stored in a secure area located at the Austin Automation Center. Data files are stored on magnetic disk and, for archival purposes, on magnetic tape.

RETRIEVABILITY:

Paper records are maintained in alphabetical order by last name of the requester. Automated records are retrieved by individual name or by a specific automated resource.

SAFEGUARDS:

Paper records in progress are maintained in a manned room during working hours. Paper records maintained for archival purposes are stored in locked containers until needed. During non-working hours, the paper records are kept in a locked container in a secured area. Access to the records is on a need-to-know basis only.

Access to the automated system is via computer terminal; standard security procedures, including a unique customer identification code and password combination, are used to limit access to authorized personnel only. Specifically, in order to obtain access to the automated records contained in this system of records, an individual must:

(1) Have access to the automated resources of the AAC. An individual may not self-register for this access. Formal documentation of the request for access, signed by the employee's supervisor, is required before an individual may obtain such access. Authorized customers are issued a customer identification code and one-time password.

(2) Be an authorized official of the ACRS system. Only two individuals per field station may be designated ACRS officials with access to add, modify or delete records from the system. These individuals require a specific functional task code in their customer profile; this functional task can only be assigned by the AAC. A limited number of supervisory or managerial employees throughout VA will have read-only access for the purpose of monitoring ACRS activities.

RETENTION AND DISPOSAL:

Records will be maintained and disposed of in accordance with the records disposal authority approved by the Archivist of the United States, the National Archives and Records Administration and published in Agency Records Control Schedules. Paper records will be destroyed by shredding or other appropriate means for destroying sensitive information. Automated storage records are retained and destroyed in accordance with a disposition authorization approved by the Archivist of the United States.

SYSTEM MANAGER(S) AND ADDRESS:

Director, VA Austin Automation Center, 1615 Woodward Street, Austin, TX 78772. The phone number is (512) 326-6000.

NOTIFICATION PROCEDURE:

An individual who wishes to determine whether a record is being maintained in this system under his or her name or other personal identifier or who wants to determine the contents of such records should submit a written request or apply in person to the Director, VA Austin Automation Center, 1615 Woodward Street, Austin, TX 78772.

RECORD ACCESS PROCEDURES:

An individual who seeks access or wishes to contest records maintained under his or her name or other personal identifier may write, call or visit the System Manager.

CONTESTING RECORD PROCEDURES:

See record access procedures above.

RECORD SOURCE CATEGORIES:

Individuals who have applied for and been granted access permission to the resources of the Austin Automation Center (AAC).
