Federal Energy Regulatory Commission

[Docket No. CP96-69-000]

CNG Transmission Corporation; Notice of Application

December 12, 1995.

Take notice that on November 14, 1995, CNG Transmission Corporation (CNGT), 445 West Main Street, Clarksburg, West Virginia 26301, filed in Docket No. CP96-69-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon a portion of a storage service provided to Long Island Lighting Company (LILCO) under Part 157 of the Commission's regulations and instead provide additional storage service under Part 284 blanket authorization, all as more fully set forth in the application on file with the Commission and open to public inspection.¹

CNGT proposes to abandon 101,342 Dt of the Storage Capacity that has been allocated to LILCO under an October 1, 1993, Part 157 Service Agreement, and provided under CNGT's Rate Schedule GSS, in order that 101,342 Dt of additional Storage Capacity may be provided under CNGT's Part 284 blanket authorization.

CNGT states that the Commission originally authorized CNGT to provide this storage capacity to Texas Eastern Transmission Corporation on behalf of LILCO, for a three-year term, as part of the storage services that were approved in Docket No. CP83-386 (25 FERC ¶ 61,355 (1983)). CNGT further states that the term of this certificated storage service was subsequently extended by Commission order in Docket No. CP84-306 (29 FERC ¶ 61,032 (1984)). CNGT also states that these Part 157 entitlements were transferred to LILCO as part of CNGT's Order No. 636 restructuring proceeding, in Docket No. RS92-14-005, *et al.* (64 FERC ¶ 61,303 (1993)).

CNGT additionally states that the proposed partial abandonment of this service is consistent with the Stipulation and Agreement filed June 28, 1995, in CNGT Docket No. RP94-96-012, *et al.*, particularly the settlement mitigation for Phase II Billing Determinants more fully described in Appendix "D" of CNGT's filing, and will result in an increase in LILCO's GSS Billing Determinants from 34,137 Dt/d to 35,814 Dt/d, which will be offset by a decrease in LILCO's FTNN Billing Determinants from 27,689 Dt/d to 26,012 Dt/d.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 2, 1996, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience

and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for CNGT to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.
