

[UT-910-06-1020-00]**Notice**

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent to prepare standards and guidelines, to modify land use plans, and prepare analyses pursuant to the National Environmental Policy Act.

SUMMARY: The Bureau of Land Management (BLM) in Utah intends to prepare Standards for Rangeland Health, Guidelines for Grazing Management, modifications to existing Land Use Plans, and to prepare appropriate National Environmental Policy Act (NEPA) documents for these actions according to BLM's new grazing regulations (43 CFR Part 4100). Public comment is sought on suggested standards and guidelines, and on the issues and alternatives to be considered.

DATES: Comments will be accepted throughout this process or until further notice. Public comment periods specifically for the plan modification and NEPA process will be provided later.

FOR FURTHER INFORMATION CONTACT: Deane Zeller, Team Leader, Bureau of Land Management, Utah State Office, 324 So. State Street, Salt Lake City, UT 84111-2303; phone (801) 539-4052.

SUPPLEMENTARY INFORMATION: Pursuant to BLM's new grazing regulations (43 CFR Part 4100), which became effective August 21, 1995, BLM Utah intends to develop Standards and Guidelines (43 CFR Part 4180) through the BLM planning and NEPA process. It is uncertain at this point what level of plan modification or NEPA analysis will be conducted. Planning actions may be plan maintenance, plan amendment, or new plan preparation. NEPA actions may be an Administrative Determination (that an EA/EIS is not needed), Categorical Exclusion (CX), an Environmental Assessment (EA), or an Environmental Impact Statement (EIS). All Land Use Plans for public lands in the State of Utah may be affected.

Public comments and opinions are solicited and encouraged. Public meetings will be held—information to be announced later. Guidance will be sought from the Utah BLM Resource Advisory Council, user groups, local leaders, and the public at large.

Issues preliminarily identified are: the effect of the proposed standards and guidelines on public land grazing operations, public land values, and other uses of the public lands.

Alternatives identified at this time include adoption of the Fallback

Standards and Guidelines specified in the new grazing regulations, adoption of new Standards and Guidelines specific to Utah, or continuation of current management under existing land use plans (where such plans are in conformance with the Fallback Standards and Guidelines) accompanied by incremental implementation of new Standards and Guidelines on priority areas.

Roger Zortman,
Acting State Director, Utah.

AGENCY: Bureau of Land Management, DOI.

ACTION: Notice of intent to amend management framework plan.

SUMMARY: The Bureau of Land Management (BLM) is preparing an Environmental Assessment (EA) to consider a proposed amendment to the Park City Management Framework Plan (MFP). The proposed amendment would consider alternatives for additional opportunities for land tenure adjustments in Summit County.

DATES: The comment period for identification of issues for the proposed plan amendment will commence with the date of publication of this notice. Comments must be submitted on or before January 18, 1996.

FOR FURTHER INFORMATION CONTACT: Leon Berggren, Bear River Resource Area Manager, Bureau of Land Management, Salt Lake District, 2370 South 2300 West, Salt Lake City, UT 84119, telephone (801) 977-4300. Existing planning documents and information are available at the above address or telephone (801) 977-4300. Comments on the proposed plan amendment should be sent to the above address.

SUPPLEMENTARY INFORMATION: The Bear River Resource Area of the Salt Lake District, BLM, is proposing to amend the Park City MFP to allow for land tenure adjustments on T. 2 S., R. 3 E., Section 10, NE $\frac{1}{4}$ not previously identified in the MFP. The main purpose is to identify and analyze the land for exchange to the State of Utah for acquisition of lands that results in a net gain of important and manageable resource values on public land. Lands transferred out of Federal ownership to State interests, as a result of the exchange, would be available to meet the various needs of the respective

parties. Where there are specific uses proposed on lands identified for exchange, those uses will be analyzed. An environmental assessment (EA) will be prepared to analyze the impacts of this proposed plan amendment and alternatives.

Public participation is being sought at this initial stage in the planning process to ensure the MFP amendment addresses all issues, problems and concerns from those interested in the management of lands within the Bear River Resource Area. Necessary amendments to the approved plan will keep the document current and viable. David E. Little,
Acting State Director.
