Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof From Japan; Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Amended Final Results of Antidumping Duty Administrative Review.

SUMMARY: On February 28, 1995, the Department of Commerce (the Department) published the final results of its administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof (AFBs) from Japan (60 FR 10900). On September 25, 1995, the Court of International Trade (CIT) ordered the Department to correct two ministerial errors in the final results with respect to AFBs from Japan sold by Izumoto Seiko Co., Ltd. (IKS).

Accordingly, we are amending our final results of administrative review of the antidumping duty orders on AFBs from Japan with respect to IKS. The reviews cover the period May 1, 1992, through April 30, 1993. The "classes or kinds" of merchandise covered by these reviews are ball bearings and parts thereof (BBs), cylindrical roller bearings and parts thereof (CRBs), and spherical plain bearings and parts thereof (SPBs).

EFFECTIVE DATE: December 19, 1995.

FOR FURTHER INFORMATION CONTACT: Michael F. Panfeld or Richard Rimlinger, Office of Antidumping Compliance, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On February 28, 1995, the Department published the final results of antidumping duty administrative review, partial termination, and revocation in part of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from France, et al. (60 FR 10900). The review period is May 1, 1992, through April 30, 1993. The classes or kinds of merchandise covered by these reviews are BBs, CRBs, and SPBs. For a detailed description of the products covered under these classes or kinds of merchandise, including a compilation of all pertinent scope determinations, see the "Scope Appendix" of the final results referenced above.

One respondent, IKS, challenged the final results before the CIT, alleging ministerial errors in the final results for AFBs from Japan. On September 25, 1995, the CIT ordered the Department to correct the errors and publish the amended final results in the Federal Register.

The CIT ordered the Department to make the following corrections to its analysis for IKS: 1) to correct the erroneous calculation of a negative United States price (USP) for certain observations; and 2) to correct the erroneous inclusion of movement expenses incurred in Japan in the calculation of movement expenses (MOVT) for further manufactured merchandise. We have corrected the ministerial errors in IKS's margin calculations for the amended final results of review for the period May 1, 1992, through April 30, 1993.

Based on the correction of the ministerial errors in our calculations for IKS, we have determined that the following percentage weighted-average margins exist for the period May 1, 1992, through April 30, 1993:

Manufacturer/exporter, and country	BBs	CRBs	SPBs
IKS, Japan	4.65	(¹)	(¹)

¹ No U.S. sales during the review period.

Based on these results, the Department will instruct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with

the procedures discussed in the final results of these reviews. These deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This amendment of final results of review and notice are in accordance with section 751(f) of the Tariff Act (19 U.S.C. 1673(d)) and 19 CFR 353.28(c).

Dated: December 14, 1995.

Susan G. Esserman,

Assistant Secretary for Import Administration.

Certain Cold-Rolled Carbon Steel Flat Products From Germany; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Antidumping Duty Administrative Reviews.

SUMMARY: On August 2, 1995, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on Certain Cold-Rolled Carbon Steel Flat Products from Germany (A-428-814) (*Preliminary Results*). The review covers sales from one manufacturer of the subject merchandise to the United States and the period August 18, 1993, through July 31, 1994. We gave interested parties an opportunity to comment on our preliminary results. Based on our analysis of the comments
