BILLING CODE 4310-55-P

Emergency Exemption: Issuance

On 13 December 1995, a permit, US 809571, was issued to the Southwest Foundation for Biomedical Research, San Antonio, Texas to import two serum samples from one captive-born lion-tailed macaque (*Macaca silenus*) from the Metro Toronto Zoo, Ontario, Canada for diagnostic virology. The 30-day public comment period required by the Endangered Species Act was waived in accordance with section 10(c) of the Endangered Species Act. The Fish & Wildlife Service determined that an emergency affecting the health and life of one of the animal's care-takers existed and no reasonable alternative was available to the applicant. The care-taker was bitten on 11 December 1995, by the animal which is a potential carrier of the monkey B-virus (*Herpes*

simiae). The B-virus is lethal to humans if not diagnosed within the first few days. Regardless of the test results the lion-tailed macaque will not be destroyed.

Written data or comments should be submitted to the Director, U.S. Fish and Wildlife Service, Office of Management Authority, 4401 North Fairfax Drive, Room 420(c), Arlington, Virginia 22203 and must be received by the Director within 30 days of the date of this publication.

Documents and other information submitted with these applications are available for review, *subject to the requirements of the Privacy Act and Freedom of Information Act*, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice at the above address.

Dated: December 15, 1995.

Mary Ellen Amtower,
Acting Chief, Branch of Permits, Office of Management Authority.

National Park Service

General Management Plan Organ Pipe Cactus National Monument, Arizona; Notice of Intent to Prepare Supplemental Environmental Impact Statement

SUMMARY: In accordance with section 102(2)(c) of the National Environmental Policy Act of 1969, Public Law 91-190, and the Council on Environmental Quality regulations at 40 CFR 1502.9(c), the National Park Service will prepare a supplemental environmental impact statement (SEIS) to the 1995 draft General Management Plan/Environmental Impact Statement (GMP/DEIS) for Organ Pipe Cactus National Monument, Arizona. This notice serves to inform the public of the continuation of the GMP/EIS planning process.

BACKGROUND: In May 1995, the National Park Service issued a draft GMP/EIS for Organ Pipe Cactus National Monument, Arizona. The draft GMP described and analyzed a proposed action and an alternative strategy for the general management of the monument including resource protection, visitor use, and facility development. An
