DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[FES-95-40]

Cachuma Project Contract Renewal, Santa Barbara County, CA

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability on the final environmental impact statement/ final environmental impact report.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969 (as amended) and the California Environmental Quality Act (CEQA), the Bureau of Reclamation (Reclamation), the Cachuma Project Authority (Authority) and the Santa Barbara County Water Agency (Agency) have prepared a joint final environmental impact statement/final environmental impact report (FEIS/FEIR) for the Cachuma Project contract renewal. The proposed action of the lead agencies is the continuation of the member units' entitlement to water from the Cachuma Project by means of a renewed water service contract. The proposed action exercises the provisions of several Federal laws as applicable to Reclamation.

ADDRESSES: Copies of the FEIS/FEIR are available for public inspection and review at the following locations:

Libraries: Copies will also be available for inspection at public libraries located in Carpinteria, Montecito, Santa Barbara, Goleta, Solvang, Buellton, Vandenberg Village, Lompoc, and Santa Maria, California.

FOR FURTHER INFORMATION CONTACT: Mr. Robert May, Program Manager, SCC-412, Bureau of Reclamation, 2666 N. Grove Industrial Drive, Suite 106, Fresno CA 93727-1551; telephone: (209) 487-5137; or Mr. Chris Dahlstrom, Project Coordinator, Cachuma Project Authority, 3301 Laurel Canyon Road, Santa Barbara CA 93105-2017; telephone: (805) 569-1391; or Mr. Robert Almy, Santa Barbara County Water Agency, 123 E. Anapamu Street, Santa Barbara CA 93101-2058; telephone: (805) 568-3542.

SUPPLEMENTARY INFORMATION: The FEIS/FEIR considers the effects of renewing the Cachuma Project Contract under which water service has been provided to the member units. The original Cachuma Project Contract (No. I75r-1802) was executed on September 12, 1949, for irrigation, and municipal and industrial purposes under the provisions of section 9(c)(2) and 9(e) of the 1939 Reclamation Project Act. The authority for contract renewal is pursuant to the Act of July 2, 1956, 70 Stat. 483, and the Act of June 21, 1963, 77 Stat. 68, requiring the Secretary of the Department of the Interior, upon request, to renew long-term contracts.

The Cachuma Project has been the principal water supply for the majority of the member units since initial deliveries began in 1955. These member units include the City of Santa Barbara, Goleta Water District, Montecito Water District, Summerland Water District, Carpinteria County Water District, and the Santa Ynez River Water Conservation District, Improvement District No. 1. The original Cachuma Project Contract had a term of 40 years and expired on May 14, 1995.

A Phase I Renewal Contract was executed on April 25, 1995, for purposes of continuing the rights and obligations under the original Contract until April 15, 1996, to allow the contract renewal negotiation process to be completed. A proposed Cachuma Project Long-Term Renewal Contract was made available to the public for a 60-day review period beginning November 14, 1995.

The proposed Cachuma Project Long-term Renewal Contract is a water service contract with a term of 25 years. It will be retroactively effective to extend from May 15, 1995, through September 30, 2020, even though the contract requires repayment of the remaining Cachuma Project capital costs within 20 years.

The FEIS/FEIR evaluates several alternatives, including the no action alternative, and also describes the existing environment and environmental consequences of contract renewal. The FEIS/FEIR considers the following issues: environmental improvement and restoration with respect to biological resources, including fisheries, wildlife, and riparian vegetation, surface water hydrology, groundwater hydrology, flood control, water supply and demand, water pricing and delivery practices, increased operational efficiency, increased conservation, conjunctive use, water exchanges and transfers, recreational enhancement and land use policies, agriculture,

socioeconomic conditions, cultural resources, and Indian Trust Assets.

The terms and conditions of the proposed Cachuma Long Term Renewal Contract represents the lead agencies' preferred alternative. It combines features of the original Contract with higher water rates and a "renewal fund" that may be used for various environmental restoration purposes. Relative to the "no action" alternative, there are no significant environmental, socioeconomic, or agricultural impacts under the proposed contract/preferred alternative, and current operations of the Cachuma Project are unchanged. In addition, there will be opportunities to restore riparian and other habitats along the Santa Ynez River using the renewal fund. Therefore, no mitigation measures are required for renewal of the Cachuma Project Contract.

The Santa Ynez Indian Reservation, the Southern California Area Office of the Bureau of Indian Affairs (BIA), and the Sacramento Area Office of the BIA have been contacted by Reclamation regarding Indian Trust Assets (ITAs) that may be affected by the proposed action. No potentially affected ITAs have been identified by the BIA.

The Draft EIS/EIR (DEIS/DEIR) was issued November 16, 1994. Responses to comments received from interested organizations and individuals on the DEIS/DEIR are addressed in the FEIS/FEIR. No decision will be made on the proposed action until 30 days after the release of the FEIS/FEIR. After the 30-day waiting period, Reclamation will complete a Record of Decision (ROD). The ROD will state the action that will be implemented and will discuss all factors leading to the decision.

Dated: December 8, 1995.
Franklin E. Dimick,
Acting Regional Director.
