Colstrip Energy Limited Partnership; Notice of Application for Commission Recertification of Qualifying Status of a Small Power Production Facility

December 18, 1995.

On December 11, 1995, Colstrip Energy Limited Partnership (Applicant), of 1087 W. River Street, Suite 200, Boise, Idaho 83702, submitted for filing an application for recertification of a facility as a qualifying small power

production facility pursuant to § 292.207(b) of the Commission's Regulations. The instant request for recertification is due to the use of an additional type of waste coal. No determination has been made that the submittal constitutes a complete filing.

According to Applicant, the small power production facility, which is located approximately 7 miles North of the city of Colstrip in Rosebud County, Montana, was previously recertified as a qualifying cogeneration facility, *AEM CORP.—Colstrip Energy Limited Partnership*, 44 FERC ¶ 62,275 (1988).

Any person desiring to be heard or objecting to the granting of qualifying status should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed within 30 days after the date of publication of this notice in the Federal Register and must be served on the applicant. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
