DEPARTMENT OF THE INTERIOR

Bureau of Land Management (WY-030-06-1990-01)

Notice of Availability of Jackpot Mine Project Final Environmental Impact Statement (FEIS)

AGENCY: Bureau of Land Management.
SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Jackpot Mine Project Final Environmental Impact Statement which analyzes the environmental consequences of an underground uranium mine proposed for the southern side of Green Mountain, 14 miles southeast of Jeffrey City in Fremont County, Wyoming. The BLM preferred alternative for the FEIS is approval of the plan of operation for the underground mine, the proposed alternative, and disposal of mine waste rock at the Big Eagle Mine.
DATES: Comments on the FEIS should be postmarked no later than 30 days after

the date that the Environmental Protection Agency publishes their Notice of Availability in the Federal Register. The EPA notice is expected to be published on December 22, 1995. All comments should be postmarked no later than January 22, 1996. All comments will be considered in the Record of Decision.

ADDRESSES: Comments on the FEIS should be sent to the Bureau of Land Management, Rawlins District Office, Attn: Larry Kmoch, P.O. Box 670, Rawlins, WY 82301.

SUPPLEMENTARY INFORMATION: The proposed project is to explore for and develop uranium reserves present in the Battle Springs Formation at depths of approximately 2,500 to 3,500 feet below the surface of Green Mountain. Project-required lands encompass a maximum of 515 acres within portions of Townships 24 through 28 North, Ranges 91 through 93 West. The proposed project entails the construction, operation, and reclamation of an underground uranium mine and associated facilities by the Green Mountain Mining Venture. A transportation corridor connecting the proposed mine with the Sweetwater Uranium Mill, approximately 27 miles to the south, would involve the construction of a new transportation route. A combination of the upgrading of existing roads, in the proposed action, and construction of new haul road segments, were the preferred access/haul roads.

Dated: December 12, 1995.
Alan R. Pierson,
State Director.
