

[Docket No. RP96-22-001]

Iroquois Gas Transmission System L.P.; Notice of Proposed Changes in FERC Gas Tariff

December 21, 1995.

Take notice that on December 15, 1995, Iroquois Gas Transmission System, L.P. (Iroquois) tendered for filing to be part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets with a proposed effective date of December 1, 1995:

Substitute Second Revised Sheet No. 11.

Iroquois states that the purpose of the instant filing is to comply with the Commission's November 30, 1995 letter order conditionally accepting certain tariff sheets filed on October 31, 1995. Substitute Second Revised Sheet No. 11 complies with the Commission's directives by: (1) Providing that Iroquois will determine the best bid for short-term capacity within one days of the closing of the open season and (2) eliminating any reference to a minimum term for service in the best bid process. The two-week evaluation period is maintained where some or all of the bidders seek long-term capacity. According to Iroquois, no changes to Original Sheet No. 11A are necessary. Iroquois requests that the tariff sheets thus be accepted effective December 1, 1995.

Iroquois states that copies of its filing were served on all jurisdictional customers and interested state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with § 385.211 of the Commission's Rules and Regulations. Pursuant to § 154.210 of the Commission's Regulations, all such protests must be filed not later than 12 days after the date of the filing noted above. Protests will be considered by the Commission in determining the appropriate action to be taken in this proceeding, but will not serve to make protestant a party to the proceedings. Copies of this filing are on file with the Commission and are available for inspection.

BILLING CODE 6717-01-M

[Docket No. CP96-110-000]**Northern Natural Gas Company; Notice of Request Under Blanket Authorization**

December 21, 1995.

Take notice that on December 18, 1995, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124-1000, filed in Docket No. CP96-110-000 a request pursuant to §§ 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to construct and operate delivery point facilities in Lancaster County, Nebraska, to accommodate deliveries of natural gas to UtiliCorp United, Inc. (UCU), under Northern's blanket certificate issued in Docket No. CP82-401-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Northern proposes to construct and operate the delivery point and 400 feet of 2-inch branchline for UCU to make deliveries to the Wanek Town Border Station #1 to accommodate the growth of residential gas requirements in the area. It is stated that the facilities would be used for the delivery of up to 63

MMBtu equivalent of natural gas on a peak day and 13,000 MMBtu equivalent on an annual basis. It is explained that these volumes will be the result of a realignment of existing firm entitlement contracted under Northern's throughput service agreements with UCU. Northern estimates the construction cost for the facilities at \$47,500. It is asserted that the deliveries through the proposed facilities would not increase UCU's existing firm entitlement from Northern. It is further asserted that Northern's tariff does not prohibit additional delivery points and that Northern has sufficient capacity to accomplish the deliveries without detriment or disadvantage to Northern's other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
