Discussion of Regulation

The Philadelphia Convention and Visitors Bureau submitted an application to hold a Neighbors in the New Year fireworks display. The display will be launched from barges anchored off Penns Landing, Delaware River, Philadelphia, Pennsylvania. Since many spectator vessels are expected to be in the area to watch the fireworks, the regulations in 33 CFR 100.509 are being implemented for this event. The fireworks will be launched from within the regulated area. The waterway will be closed during the display. Since the closure will not be for an extended period, commercial traffic should not be severely disrupted.

Discussion of Rule

On December 31, 1995 and January 1, 1996, Norfolk Festevents, Ltd. will sponsor a New Year's Eve Celebration. As part of the celebration, a fireworks display will be launched from barges anchored in the Elizabeth River off Town Point Park. A large number of spectator vessels are expected. Therefore, to ensure safety of both participants and spectators, 33 CFR 100.501 will be in effect for the duration of the event. Under the provisions of 33 CFR 100.501, a vessel may not enter the regulated area unless it is registered as a participant with the event sponsor or it receives permission from the Coast Guard patrol commander. These restrictions will be in effect for a limited period and should not result in significant disruption of maritime traffic.

Additionally, 33 CFR 110.72aa and 33 CFR 117.1007(b) will be in effect while 33 CFR 100.501 is in effect. Section 110.72aa establishes special anchorages which may be used by spectator craft. Section 117.1007(b) provides that the draw of the Berkley Bridge shall remain closed from one hour prior to the scheduled event until one hour after the scheduled event unless the Coast Guard patrol commander allows it to be opened for passage of commercial traffic.

Dated: December 18, 1995.
