SUPPLEMENTARY INFORMATION: The

Senate report accompanying the FY 1996 Energy and Water Development Appropriation Bill (S.Rep. No. 104-120, 104th Congress, 1st Sess., pg. 96) recommended that \$7 million be committed to continuing the DOE/EPSCoR Program. In accordance with 10 CFR 600.7(b)(1), and to continue to enhance the competitiveness of states and territories identified for participation in the Experimental Program to Stimulate Competitive Research (EPSCoR) by the National Science Foundation (NSF), DOE has decided to continue to restrict eligibility to the following states and territory: Alabama, Arkansas, Idaho, Kansas, Kentucky, Louisiana, Maine, Mississippi, Montana, Nebraska, Nevada, North Dakota, Oklahoma, South Carolina, South Dakota, Vermont, West Virginia, Wyoming, and the Commonwealth of Puerto Rico.

Awards issued under this Notice will provide renewal support for up to seven of the Research Implementation Awards begun under the DOE/EPSCoR initiative in FY 1993 and FY 1994. Recipients of Research Implementation Awards in these fiscal years include: Alabama, Maine, Kentucky, Louisiana, Montana, Nevada, and Puerto Rico. Renewal awards will be issued for a one-year period with up to a maximum award amount of \$1.0 million. In addition, as a tangible measure of an applicant's commitment to the objectives of the DOE/EPSCoR Program, cost-sharing on a minimum one-to-one ratio is a requirement of this program. Therefore, each application submitted requesting support from DOE under this Notice must provide, from non-Federal funds, an amount equal to or greater than the amount awarded by DOE; i.e. for every dollar provided by DOE, the recipient must provide a dollar or more from non-Federal sources for the project.

General information about development and submission of applications, eligibility, limitations, evaluation, and selection processes, and other policies and procedures are contained in the Application Guide for the Office of Energy Research Financial Assistance Program and in 10 CFR Part
