**Columbia Gas Transmission Corp.;
Notice of Proposed Changes in FERC
Gas Tariff**

January 3, 1996.

Take notice that on December 26, 1995, Columbia Gas Transmission Corporation (Columbia) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets, to become effective February 1, 1996.

Title Page

First Revised Sheet No. 99A
First Revised Sheet No. 99B

This filing comprises Columbia's supplemental close out filing with respect to its Account No. 191 pursuant to Section 39 of the General Terms and Conditions (GTC) of its FERC Gas Tariff, Second Revised Volume No. 1. GTC Section 39, "Account No. 191 Reconciliation Mechanism," provides for Columbia's refund to or recovery from certain customers of any over recovered or under recovered balance in Columbia's Account No. 191 as a result of implementing Order No. 636. This filing also satisfies the reporting requirement contained in GTC Section 39.5 and prior Commission orders, that Columbia submit a report detailing its Account No. 191 balance, reflecting adjustments from March 1, 1995 through December 31, 1995. As discussed therein, this filing comprises a net credit to the Account No. 191 of \$847,459.

Any person desiring to be heard or protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with §§ 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. Pursuant to Section 154.210 of the Commission's regulations, all such motion or protests must be filed not later than 12 days after the date of the filing noted above.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

**Columbia Gulf Transmission
Company; Notice of Refund Report**

January 3, 1996.

Take notice that on December 29, 1995, Columbia Gulf Transmission Company (Columbia Gulf) tendered for filing with the Federal Energy Regulatory Commission (Commission) its Refund Report made to comply with the Commission's order dated April 16, 1992, the April 17, 1995, Offer of Settlement filed in Docket Nos. RP90-107, et al. (Customer Settlement) as approved by the Commission on June 15, 1995, in Columbia Gulf Transmission Co., 71 FERC ¶ 61,377 (1995).

Columbia Gulf states that the report shows that on November 28, 1995, Columbia Gulf made a lump sum refund to its customers pertaining to the above referenced proceeding for the period November 30, 1990 through November 30, 1991, in the amount of \$3,242,420.00. Article III of the Customer Settlement provided for the partial payment of refund in Columbia Gulf Docket No. RP90-107 within 30 days after the date of an initial order of United States Bankruptcy Court for the District of Delaware (Bankruptcy Court) approving such partial payment. The Bankruptcy Court issued an order approving a partial payment on August 4, 1995. Columbia Gulf states that partial payment was paid on August 28, 1995, and was the subject of a prior refund report. In accordance with the Customer Settlement, on November 28, 1995, Columbia Gulf refunded to Supporting Parties under the Customer Settlement their respective shares of the remaining principal amount of \$2,350,478 of the Docket No. RP90-107 refund plus interest of \$891,942 calculated in accordance with 18 CFR 154.501.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission,

888 First Street, N.E., Washington, D.C. 20426, in accordance with the Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests must be filed on or before January 10, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of Columbia Gulf's filings are on file with the Commission and are available for public inspection in the Public Reference Room.

**Eastern Shore Natural Gas Company;
Notice of Proposed Changes in FERC
Gas Tariff**

January 3, 1996.

Take notice that on December 27, 1995, Eastern Shore Natural Gas Company (ESNG) tendered for filing certain revised tariff sheets in the above captioned docket as part of its FERC Gas Tariff, First Revised Volume No. 1, with a proposed effective date of January 1, 1996.

Eastern Shore states that the revised tariff sheets included herein are being filed pursuant to Section 21 of the General Terms and Conditions of ESNG's Gas Tariff to reflect changes in ESNG's jurisdictional rates. The sales rates set forth herein reflect an increase of \$0.5390 per dt in the Commodity Charge, as measured against ESNG's Out-Of-Cycle Quarterly Purchased Gas Adjustment filing, Docket No. TQ96-1-23-000, et al., filed on December 1, 1995.

The commodity purchased gas cost adjustment reflects ESNG's projected cost of gas for the month of January 1, 1996 through January 31, 1996, and has been calculated using its best estimate on available gas supplies to meet ESNG's anticipated purchase requirements. The increased gas costs in this filing are a result of higher prices being paid to producers/suppliers under ESNG's market-responsive gas supply contracts.

ESNG respectfully requests waiver of the Commission's thirty (30) day notice requirement so as to permit it to place the subject rates into effect on January 1, 1996, as proposed. ESNG is unable to meet the thirty (30) day notice requirements due to the fact that the normal purchasing of gas supplies from producers/suppliers is negotiated five

working days before the end of the month (for the next month's supply). The normal time frame to order gas supply for the next month does not give ESNNG any flexibility in order to make a filing in time for the "notice requirement" when gas prices spike upward (from projected) as they have for the month of January, 1996. The Commission's waiver of the thirty (30) day notice requirement in the case of this instant filing would allow for a more accurate recovery of ESNNG's costs and mitigate the deferred commodity costs which would occur in the absence of such waiver.

ESNG states that copies of the filing have been served upon its jurisdictional customers and interested State Commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rule 211 and Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Pursuant to Section 154.210 of the Commission's Regulations, all such motions or protests must be filed not later than 12 days after the date of the filing noted above. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Sheet Nos. 368 through 399

Third Revised Volume No. 2

Sub Alt 36th Revised Sheet No. 1-D.2

Twenty-Ninth Revised Sheet No. 1-D.3

El Paso states that it is filing pursuant to Section 4(e) of the Natural Gas Act and Section 154.206 of the Commission's Regulations under the Natural Gas Act a motion to place into effect on January 1, 1996, a change in rates for natural gas transportation service.

El Paso states that on June 30, 1995, at Docket No. RP95-363-000, it filed with the Commission a notice of change in rates for natural gas transportation service to become effective August 1, 1995. El Paso states that by order issued July 26, 1995, at Docket No. RP95-363-000, the Commission conditionally accepted the tariff sheets, suspended their effectiveness for five months to become effective January 1, 1996, subject to refund, and established hearing and settlement procedures.

El Paso states that the instant motion places those suspended tariff sheets into effect.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. Pursuant to Section 154.210 of the Commission's Regulations, all such protests must be filed not later than 12 days after the date of the filing noted above. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. CP95-565-001]

Equitrans, Inc.; Notice of Amendment

January 3, 1996.

Take notice that on December 29, 1995, Equitrans, Inc. (Equitrans), 3500 Park Lane, Pittsburgh, Pennsylvania 15275, filed an amendment

(Amendment) to its original application in Docket No. CP95-565-000, which was filed pursuant to Section 7(c) of the Natural Gas Act, the purpose of which is to: (1) Amend the application by (a) withdrawing the request for advance Commission approval of recovery through jurisdictional rates of the undepreciated costs of the storage reservoir and return thereon in the event of reservoir damage, and (b) indicating that Equitrans proposes to withdraw 400 MMcf of natural gas during the three-year period in which it proposes to inject up to 300 MMcf of nitrogen; and (2) supplement its application with (a) assurances of service continuation despite any such reservoir damage, (b) information requested by certain parties that participated in a technical conference held on September 15, 1995, and (c) a brief summary of the points made by the speakers at the technical conference along with copies of slides that were shown, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Equitrans states that, based on the concerns expressed by its customers, Equitrans has reexamined the risks and remediation strategies for the project and has determined that the risk of damage being sustained at the Shirley storage reservoir as the result of injecting nitrogen under the controlled conditions carefully developed for the project is *de minimis*. To allay the concerns expressed by certain intervenor-customers about their rights to challenge future rate treatment of Shirley storage costs, Equitrans states that it hereby foregoes its request for rate recovery treatment of such costs. Equitrans states that in the unlikely event that the injection of nitrogen mixes with cushion or working gas of the Shirley reservoir or causes damage to surface facilities, Equitrans will bear all costs of remediating storage field operations. Further, it is stated that any such costs will not be included in rates in any future proceeding. Rather Equitrans, contends that it will use the revenues which it proposes to retain from the sale of base gas from the Shirley reservoir to fund any required remediation activities.¹ Based on the risk assessment work performed over the last several months, Equitrans states that it is convinced that the risk of

¹ As part of its original application, Equitrans requested authorization to sell the gas withdrawn from the Shirley reservoir to accommodate the nitrogen injection process, to credit its "Account 117, Gas stored underground—noncurrent" for the LIFO inventory value of the gas withdrawn, and to retain any revenues received from the sale of the gas.
