#### ENVIRONMENTAL PROTECTION AGENCY

[OPPTS-51845; FRL-4993-9]

#### Certain Chemicals; Premanufacture Notices; Extension of Review Periods

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** Due to the lack of authorized funding (i.e., a Fiscal Year 1996 Appropriations Bill or a Continuing Resolution), and the resultant furlough of the EPA employees, EPA is extending the review periods for all premanufacture notices (PMNs), submitted under section 5 of the Toxic Substances Control Act (TSCA; 15 U.S.C. section 2604), received by EPA before December 16, 1995, and for which the review period has not yet expired as of the date of signature of this notice. This action is taken under the authority of TSCA sections 5(c) and 26(c).

**DATES:** The duration of this extension period will be equivalent to the duration of the current furlough, i.e., equivalent to the number of days between December 15, 1995, and the date on which the EPA furlough terminates and EPA operations resume.

**FOR FURTHER INFORMATION CONTACT:** Paul J. Campanella, Chief, New Chemicals Branch, Chemical Control Division (7405), Environmental Protection Agency, Rm. E-447, 401 M St., SW., Washington, DC 20460, Telephone: (202) 260-3725, Facsimile: (202) 260-0118.

\*Note: No one will be available at EPA to respond to inquiries until the furlough ends and EPA operations resume.

**SUPPLEMENTARY INFORMATION:** In anticipation of the then impending furlough, EPA arranged with the PMN submitters voluntary suspensions, pursuant to 40 CFR 720.75(b), of the PMN review periods for any PMNs submitted under TSCA section 5(a)(1) and 40 CFR part 720, received by EPA before December 16, 1995, and for which the review period had not yet expired. Effective December 16, 1995, due to the lack of authorized funding (i.e., a Fiscal Year 1996 Appropriations Bill or a Continuing Resolution), EPA employees have been furloughed and non-expected work operations at the Agency have ceased. No work has been performed on reviewing these PMNs since the furlough began. Due to the protracted duration of the current furlough, EPA is now extending for an additional period of time, pursuant to TSCA sections 5(c) and 26(c) and 40 CFR 720.75(c), the review periods of all PMNs received before December 16, 1995, and for which the review period has not yet expired as of the date of signature of this notice.

There is a possibility that the chemical substances submitted for review in these PMNs may be regulated by EPA under TSCA. The Agency requires an extension of the review periods to complete its risk assessment, to examine its regulatory options, and to prepare the necessary documents, should regulatory action be required. Therefore, EPA has determined that good cause exists to extend, under TSCA section 5(c), the review period for each such PMN.

The duration of this extension period will be equivalent to the duration of the current furlough, i.e., equivalent to the number of days between December 15, 1995, and the date on which the EPA furlough terminates and EPA operations resume. Under TSCA section 5(c), the total extensions of the review period for an individual PMN shall in no event exceed 90 days. Thus, if the extension described in this notice is for less than 90 days, EPA reserves the right to issue additional extensions under TSCA section 5(c) in the future for good cause up to a total of 90 days.

After the furlough ends and EPA operations resume, PMNs will be available for public inspection in Rm. NE-B607, at the EPA headquarters, address given above, from noon to 4 p.m., Monday through Friday, except legal holidays.

Dated: January 3, 1996.

Charles M. Auer,

Director, Chemical Control Division, Office of Pollution Prevention and Toxics.
