**GENERAL SERVICES
ADMINISTRATION**
Public Building Service
**Evo A. DeConcini Federal Building—
United States Courthouse, City of
Tucson, Arizona, Notice of Availability;
Record of Decision**

The United States General Services Administration (GSA) announces its decision, in accordance with the National Environmental Policy Act (NEPA) and the Regulations issued by the Council on Environmental Quality, December 8, 1995, to construct a new Federal building—United States Courthouse (FB-CT) in Tucson, Arizona.

The new FB-CT would consist of approximately 419,742 gross square feet (GSF) of building space and 187 on-site parking spaces. The project, designed to relieve overcrowded conditions at the existing court facilities in Tucson, is to be sited within the Central Business Area (CBA) of the City of Tucson, Arizona, is anticipated to be ready for occupancy in the year 1999. The agencies proposed to utilize the new FB-CT are currently housed within the existing Tucson FB-CT, located 55 E. Broadway, and in several leased, commercial, office buildings in the downtown Tucson area. An objective of this project is to consolidate these federal agencies into a single structure within the City's CBA.

Alternatives

The GSA has examined a range of alternatives that could feasibly attain the objectives of the proposed project. NEPA does not require that an agency consider every possibility, but requires that the range of alternatives be comprehensive so that the agency can make a "reasoned choice" among them. Alternatives examined were: 1) Granada North, 2) Granada South, 3) Central 4) Alameda and 5) No action. The Preferred site for the proposed project is Granada North. The site is bound by the US West bank/office building, the historic El Paso and Southwestern depot and courtyard, and a private paved parking lot on the west; West Congress Street on the north; Granada Avenue on the east; and the southern boundary would be a presently undetermined property line located approximately 600 feet south of West Congress Street.

**Environmental Impacts/Mitigation
Measures**

The proposed construction of the FB-CT would result in several significant environmental impacts as described in the Draft Environmental Impact Statement (EIS). All practicable means to avoid or minimize impacts to the area are being considered to the development of the project. Mitigation measures were set forth in the Draft (EIS) and those that can be implemented were adopted by GSA. The GSA shall monitor the implementation of these mitigation measures necessary to assure that measures specified in the Draft and the Record of Decision are carried out.

The General Services Administration believes that there are no outstanding issues to be resolved with respect to the proposed project. The Record of Decision, prepared by GSA addressing this action, is on file and may be obtained from: Ms. Sheryll White, Asset Manager (9PT), U.S. General Services Administration, 525 Market Street, San Francisco, CA 94105 (415) 744-5076.

Dated: January 3, 1996.

Aki K. Nakao,

Acting Regional Administrator.
