SUPPLEMENTARY INFORMATION:

Background

On September 13, 1995, ATF published Notice No. 815, a notice of proposed rulemaking, in the Federal Register (60 FR 47506). ATF is soliciting comments on its proposal to issue regulations specifically setting forth the procedures for the issuance, denial, and revocation of certificates of label approval (COLAs), certificates of exemption from label approval, and distinctive liquor bottle approvals. The proposed denial and revocation regulations are new, whereas the proposed issuance regulations are more specific than the current regulations. The proposed regulations would also codify the procedures for administratively appealing the denial or revocation of certificates of label approval, exemptions from label approval, or distinctive liquor bottle approvals.

The comment period for Notice No. 815 closed on December 12, 1995. Prior to the end of the comment period ATF received a request for an extension of the comment period. This request was submitted by the Beer Institute in order that they may carefully address the issues raised in Notice No. 815, an area where a solid industry-government working relationship is critical.

In consideration of this request, ATF has decided to reopen the comment period for 30 days from the date of publication of this notice in the Federal Register. All written comments received will be considered in the development of a decision on this matter. Comments that provide the factual basis supporting the views or suggestions presented will be particularly helpful in developing a reasoned regulatory decision on this matter.

SUPPLEMENTARY INFORMATION:

I. Background on the Indiana Program

On July 29, 1982, the Secretary of the Interior conditionally approved the Indiana program. General background information on the Indiana program, including the Secretary's findings, the disposition of comments, and the conditions of approval can be found in the July 26, 1982, Federal Register (47 FR 32071). Subsequent actions concerning the Indiana program can be found at 30 CFR 914.10, 914.15, and 914.16.

II. Description of the Proposed Amendment

By letter dated September 11, 1995 (Administrative Record No. IND-1508), Indiana submitted a proposed amendment to its program pursuant to

SMCRA. Indiana submitted the proposed amendment at its own initiative. The proposed amendment concerns the recodification of the Indiana Surface Coal Mining and Reclamation Act (ISCMRA), Title 13 of the Indiana Code (IC) 13-4.1, as enacted by the Indiana General Assembly under 1995 House Enrolled Act 1047 (HEA 1047). HEA 1047 was signed into law by Governor Evan Bayh on May 10, 1995. HEA repealed IC 13-4.1 and recodified its substantive provisions at Title 14 of the Indiana Code (IC) 14-34. Editorial changes, including minor structural and grammatical changes, were made throughout the recodified statutes. Indiana, also, submitted IC 14-8 which contains several definitional sections including some previously contained in IC 13-4.1, and savings provisions which state that HEA 1047 is not intended to enact a substantive change to pre-existing law, nor affect any rules promulgated, or rights or liabilities accrued, under the authority of prior law. There were not substantive revisions proposed by Indiana.

Listed below are the existing IC 13-4.1 section numbers with the new corresponding IC 14-8 and/or IC 14-34 section numbers.

Written Comments

Written comments should be specific, pertain only to the issues proposed in this rulemaking, and include explanations in support of the commenter's recommendations. Comments received after the time indicated under DATES or at locations other than the Indianapolis Field Office will not necessarily be considered in the final rulemaking or included in the Administrative Record.

Public Hearing

Persons wishing to speak at the public hearing should contact the person listed under FOR FURTHER INFORMATION CONTACT by 4:00 p.m., e.s.t. on February 6, 1996. The location and time of the hearing will be arranged with those persons requesting the hearing. If no one requests an opportunity to speak at the public hearing, the hearing will not be held.

Filing of a written statement at the time of the hearing is requested as it will greatly assist the transcriber. Submission of written statements in advance of the hearing will allow OSM officials to prepare adequate responses and appropriate questions.

The public hearing will continue on the specified date until all persons scheduled to speak have been heard. Persons in the audience who have not been scheduled to speak, and who wish to do so, will be heard following those who have been scheduled. The hearing will end after all persons scheduled to speak and persons present in the audience who wish to speak have been heard.

Any disabled individual who has need for a special accommodation to attend a public hearing should contact the individual listed under FOR FURTHER INFORMATION CONTACT.

Public Meeting

If only one person requests an opportunity to speak at a hearing, a public meeting, rather than a public hearing, may be held. Persons wishing to meet with OSM representatives to discuss the proposed amendment may request a meeting by contacting the person listed under FOR FURTHER INFORMATION CONTACT. All such meetings will be open to the public and, if possible, notices of meetings will be posted at the locations listed under ADDRESSES. A written summary of each meeting will be made a part of the Administrative Record.

III. Public Comment Procedures

In accordance with the provisions of 30 CFR 732.17(h), OSM is seeking comments on whether the proposed amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If the amendment is deemed

IV. Procedural Determinations

Executive Order 12866

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12778

The Department of the Interior has conducted the reviews required by section 2 of Executive Order 12778 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

National Environmental Policy Act

No environmental impact statement is required for this rule since section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on proposed State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The State submittal which is the subject of this rule is based upon counterpart Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that

existing requirements previously promulgated by OSM will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart Federal regulations.

SUPPLEMENTARY INFORMATION:

I. Background on the Indiana Program

On July 29, 1982, the Secretary of the Interior conditionally approved the Indiana program. Background information on the Indiana program, including the Secretary's findings, the disposition of comments, and the conditions of approval can be found in the July 26, 1982, Federal Register (47 FR 32107). Subsequent actions concerning the conditions of approval and program amendments can be found at 30 CFR 914.10, 914.15, and 914.16.

II. Description of the Proposed Amendment

By letter dated September 11, 1995 (Administrative Record No. IND-109), Indiana submitted a proposed amendment to its program pursuant to SMCRA. Indiana submitted the proposed amendment at its own initiative. HEA 1575 amends ISMCRA by adding new sections and revising existing sections to recodified Indiana Code (IC) 14-8 and 14-34. The proposed amendment concerns unanticipated events or conditions, lands eligible for remining, and surface and underground tonnage fees. The recodification of the current provisions of ISMCRA is proposed in Indiana's Regulatory Program Amendment No. 95-10, and it will be discussed in a separate proposed rule.

1. IC 14-8-2-144.5 Lands Eligible for Remining

Indiana proposed to add the following definition for lands eligible for remining at IC 14-8-2-144.5
