Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 2687 is issued to Pacific Gas and Electric Company for a period effective January 1, 1996, through December 31, 1996, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before December 31, 1996, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Pacific Gas and Electric Company is authorized to continue operation of the Pit No. 1 Project No. 2687 until such time as the Commission acts on its application for subsequent license.

January 18, 1996.

Take notice that on January 11, 1996, Panhandle Eastern Pipe Line Company (Panhandle) tendered for filing its Revised Refund Report to company with the Commission's December 7, 1995, Order on Rehearing And On Refund Reports. 73 FERC ¶ 61,287

Panhandle states that the Commission's December 7, 1995, Order concerned issues respecting refunds for the three customers who had not agreed to a settlement to resolve the issues in the RP88-262-000 dockets and who thus called upon the Commission to provide a substantive disposition of their claims. The contents of this submission reflect only the changes required to Panhandle's Revised Refund Report filed on July 1, 1994 as they relate to Sales Customers, including the three customers affected by this report, ANG, CILCO and Union Electric. No cash refunds are due the non-consenting parties.

of Petition for Waiver**

January 18, 1996.

Take notice that on January 3, 1996, Sea Robin Pipeline Company (Sea Robin) filed a petition for a waiver of the 30-day notice requirement set forth in Section 154.207 of the Commission's Regulations.

Sea Robin states that good cause exists for such a waiver to allow the Northern Settlement to take effect on January 1, 1994, and such finding in favor of a waiver will be consistent with the Commission's finding in the Koch Order.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, in accordance with 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. Take notice that on January 5, 1996, Tennessee Gas Pipeline Company (Tennessee) filed to move Substitute First Revised Sheet No. 209A into effect as of January 1, 1996.
