[Project No. 1951-000 Georgia]

Georgia Power Company; Notice of Availability of Draft Environmental Assessment

January 18, 1996.

By letter to the Commission dated November 19, 1993, Georgia Power Company proposed to prepare and file an environmental assessment with their license application for the Sinclair Hydroelectric Project, as provided for by the Energy Policy Act of 1992.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) Regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the applicant prepared environmental assessment and application for major license for the existing Sinclair Hydroelectric Project, located on the Oconee River, Baldwin County, Georgia, and has prepared a Draft Environmental Assessment (DEA) for the project. In the DEA, the Commission's staff has analyzed the potential environmental impacts of the existing project and has concluded that approval of the project, with appropriate mitigation measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the DEA are available for review in the Public Reference Branch, Room 2-A, of the Commission's offices at 888 First Street NE., Washington, DC 20426.

Comments should be filed within 30 days from the date of this notice and should be addressed to Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1-A, Washington, DC 20426.

Please reference Project No. 1951-000 to all comments. For further information, please contact Ms. Kelly Fargo, Environmental Coordinator, at (202) 219-0231.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

Notice of Application Tendered for Filing With the Commission

January 18, 1996.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. Type of Application: Minor License
- b. Project No.: P-11566-000
- c. Date Filed: December 12, 1995
- d. Applicant: Consolidated Hydro Maine, Inc.
- e. Name of Project: Damariscotta Mills Hydro Project
- f. Location: On the Damariscotta River in Lincoln County, near Newcastle, Nobleboro, and Jefferson, Maine
- g. Filed Pursuant to: Federal Power Act 16 U.S.C. 791 (a) 825(r)
- h. Applicant Contact: Mr. Wayne E. Nelson, Consolidated Hydro Maine, Inc., Director of Environmental Affairs, Andover Business Park, 200 Bulfinch Drive, Andover, MA 01810, (508) 681-1900
- i. FERC Contact: Ed Lee (202) 219-2809
- j. Comment Date: Within 60 days of the notice issuance
- k. Description of Project:

The existing project would consists of: (1) an existing concrete dam and intake structure; (2) an existing 4625-

acre reservoir; (3) a powerhouse containing a single generating unit having an installed capacity of 460 Kw; (4) a 100-foot-long and 12.47-Kv underground transmission line; and (5) appurtenant facilities. The applicant estimates that the total average annual generation would be 1,830 Mwh for the project. All lands and project works are owned by the applicant.

1. With this notice, we are initiating consultation with the Maine State Historic Preservation Officer (SHPO), as required by section 106, National Historic Preservation Act, and the regulations of the Advisory Council on Historic Preservation, 36 C.F.R. 800.4.

m. Pursuant to Section 4.32(b)(7) of 18 CFR of the Commission's Regulations, if any resource agency, Indian Tribe, or person believes that an additional scientific study should be conducted in order to form an adequate factual basis for a complete analysis of the application on its merit, the resource agency, Indian Tribe, or person must file a request for a study with the Commission not later than 60 days from the comment date and serve a copy of the request on the applicant.

Lois D. Cashell,
Secretary.
