photographs taken by a single photographer or photography business.

Due to the inordinate number of government and business closures that occurred during this time period, the Office is extending the period for submitting comments from January 18, 1996, to February 9, 1996, and the deadline for reply comments from February 2, 1996, to March 1, 1996.

Dated: January 23, 1996.

Marilyn J. Kretsinger,
Acting General Counsel.

BILLING CODE 1410–30–U

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[DE26–1–6940b; FRL–5320–2]

Approval and Promulgation of Air Quality Implementation Plans; Delaware: Regulation 24, Control of Volatile Organic Compound Emissions (VOC RACT Catch-Ups)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of Delaware on December 19, 1994. The revision consists of Sections 10, 11, 12, 44, 45, 47, 48, and 49 and Appendices I, K, L and M to Regulation 24—“Control of Volatile Organic Compound Emissions”. These regulations are necessary to satisfy the Clean Air Act (CAA) and to support attainment and maintenance of the National Ambient Air Quality Standard (NAAQS) for ozone in Delaware. In the Final Rules section of the Federal Register, EPA is approving the State’s SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and anticipates no adverse comments.

DATES: Comments must be submitted in writing by February 26, 1996.

ADDRESSES: Comments may be mailed to Marcia L. Spink, Associate Director, Air Programs, Mailcode 3AT00, U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania 19107. Copies of the documents relevant to this action are available for public inspection during normal business hours at the EPA office listed above; and the Delaware Department of Natural Resources & Environmental Control, 89 Kings Highway, P.O. Box 1401, Dover, Delaware 19903.

FURTHER INFORMATION CONTACT:
Rose Quinto, (215) 597–3164, at the EPA Region III address above.

SUPPLEMENTARY INFORMATION: See the information provided in the Direct Final action of the same title (Regulation 24, Control of Volatile Organic Compound Emissions) which is located in the Rules and Regulations Section of this Federal Register.

List of Subjects in 40 CFR Part 52
Environmental protection, Air pollution control, Hydrocarbons, Ozone, Reporting and recordkeeping requirements.

Authority: 42 U.S.C. 7401–7671q.

Dated: October 18, 1995.

W. Michael McCabe,
Regional Administrator, Region III.

BILLING CODE 6560–50–M

40 CFR Part 52

[IL–18–6–6516b; FRL–5334–3]

Approval and Promulgation of Implementation Plan; Illinois

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: On October 21, 1993, and March 4, 1994, the Illinois Environmental Protection Agency (IEPA) submitted to the USEPA volatile organic compound (VOC) rules that were intended to satisfy part of the requirements of section 182(b)(2) of the Clean Air Act (Act) amendments of 1990. Specifically, these rules provide control requirements for certain major sources not covered by a Control Technique Guideline (CTG) document. These non-CTG VOC rules apply to sources in the Chicago ozone nonattainment area which have the potential to emit 25 tons of VOC per year. These rules therefore provide an environmental benefit due to the imposition of control requirements on sources emitting greater than 25 tons of VOC per year that belong to certain source categories. IEPA estimates that these rules will result in VOC emission reductions, from 119 industrial plants, of 2.78 tons per day. The USEPA proposed to approve these VOC rules for major non-CTG sources. This action lists the State implementation plan revision that USEPA is proposing to approve and provides an opportunity for public comment. A rationale for approving this request is presented in the final rules section of this Federal Register, where USEPA is approving the revision request as a direct final rule without prior proposal because USEPA views this as a noncontroversial revision and anticipates no adverse comments. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments the direct final rule will be withdrawn. Any parties interested in commenting on this notice should do so at this time. The final rule on this proposed action will address all comments received.

DATES: Comments on this document must be received by February 26, 1996.

ADDRESSES: Written comments should be addressed to: J. Elmer Bortzer, Chief, Regulatory Development Section, Regulatory Development Branch (AR–18), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Comments should be strictly limited to the subject matter of this proposal.

Copies of the State submittal and USEPA’s analysis of it are available for inspection at: Regulation Development Section, Regulation Development Branch (AR–18), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT:
Steven Rosenthal, Regulation Development Branch, U.S. Environmental Protection Agency, Region 5, (312) 886–6052, at the Chicago address indicated above.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule which is published in the rules section of this Federal Register.

Dated: November 1, 1995.

Vaidas V. Adamkus,
Regional Administrator.
