BILLING CODE 4310–70–M

Office of Surface Mining Reclamation and Enforcement
Availability of Draft Petition Evaluation Document/Environmental Impact Statement
AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

SUMMARY: The Office of Surface Mining Reclamation and Enforcement (OSM) of the United States Department of the Interior is making available for public comment, the draft PED/EIS for a petition to designate certain lands in the Little Yellow Creek (Fern Lake) watershed, Claiborne County, Tennessee, as unsuitable for all surface coal mining operations. OSM has prepared a draft PED/EIS as required by Section 522(d) of the Surface Mining Control and Reclamation Act of 1977 and the National Environmental Policy Act of 1969. The draft PED/EIS evaluates the potential coal resources of the area, the demand for coal resources, and the impacts of alternative unsuitability decisions on the human environment, the economy, and the supply of coal.

A public hearing has been scheduled as indicated above. Anyone who wishes to comment will be given the opportunity to do so, but initial comments will be limited to 10 minutes of oral testimony. Time limits may be extended at the discretion of the presiding official. Persons wishing to present testimony are encouraged to contact OSM at the address given above. OSM would appreciate receiving a written copy of the testimony four days prior to the public hearing, if possible. The hearing will be transcribed. Filing a written statement at the time of oral testimony is encouraged as this will facilitate the job of the court reporter. A transcript of the hearing will be available at a nominal fee approximately seven days after the hearing.

Dated: January 22, 1996.
Mary Josie Blanchard,
Assistant Director, Program Support.

DEPARTMENT OF JUSTICE
Office of Justice Programs
Bureau of Justice Statistics; Information Collection Under Review
The proposed information collection is published to obtain comments from the public and affected agencies concerning the proposal collection of information. Your comments should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

If you have additional comments, suggestions, or need additional information please contact Dr. Brian Reaves (202–616–3287), Bureau of Justice Statistics, U.S. Department of Justice, 633 Indian Avenue, NW, Washington, DC 20531.

If a copy of the proposed collection instrument with instructions is not published in this notice please contact the agency representative listed above if you wish to receive a copy.

Overview of this information collection:

(1) Type of Information Collection: Reinstatement, with change, or a previously approved collection for which approval has expired.

(3) The agency form number, if any, and the applicable component of the Department sponsoring the collection: Form number: CJ±38. Sponsored by the Bureau of Justice Statistics, United States Department of Justice.

(4) Who will be asked or required to respond, as well as a brief abstract: Primary: State, Local or Tribal Government. Others: None. This information collection is a census of law enforcement agencies that provides statistics on the number of sworn officers and nonsworn employees for State police departments, local police departments, sheriffs' departments, and special police agencies. This data will provide a means of assessing law enforcement employment trends nationwide when compared with
