Fixed Point-to-Point Microwave Service

AGENCY: Federal Communications

Commission.

ACTION: Proposed rule.

SUMMARY: By the Notice of Proposed Rule Making (NPRM) portion of this NPRM and Order, the Commission proposes to provide a channeling plan and licensing and technical rules for fixed point-to-point microwave operations in the 37.0-38.6 GHz (37 GHz) band and proposes to amend the licensing and technical rules for fixed point-to-point microwave operations in the 38.6-40.0 GHz (39 GHz) band. This action would make available additional channels in the 37 GHz band and would ensure more efficient use of the 39 GHz band in the future. The objectives of this proposal are to provide adequate pointto-point microwave spectrum, including channels for the support of broadband personal communications services (PCS) and other services, and to provide for technical commonality across the bands. **DATES:** Comments must be submitted on or before February 12, 1996 and reply comments must be submitted on or before February 27, 1996. Written comments by the public on the proposed and/or modified information collections are due February 12, 1996. (The comment and reply dates originally were set for January 16, 1996 and January 31, 1996, respectively. However, the Commission's Office of Engineering and Technology, under delegated authority, extended the comment and reply period due to the exigency caused by the closing of the government; see Order Extending Time, DA 96–15, released January 16, 1996.)
