BILLING CODE 6717-01-M

[Docket No. ER96-751-000]

**Kentucky Utilities Company; Notice of Filing**

January 23, 1996.

Take notice that on December 18, 1995, Kentucky Utilities Company (KU), tendered for filing information on transactions that occurred during November 16, 1995 through November 30, 1995, pursuant to the Power Services Tariff accepted by the Commission in Docket No. ER95-854-000.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before February 2, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,  
*Secretary.*

BILLING CODE 6717-01-M

[Docket No. CP96-145-000]

**Lawrenceburg Gas Company; Notice of Application**

January 23, 1996.

Take notice that on January 18, 1996, Lawrenceburg Gas Company (Lawrenceburg), 139 East Fourth Street, Cincinnati, OH 45202, filed in Docket No. CP96-145-000 an application pursuant to Section 7(c) of the Natural Gas Act for limited authorizations in connection with providing transportation service for the Cincinnati Gas & Electric Company (Cincinnati), all as more fully set forth in the application on file with the Commission and open to public inspection.

The authorizations requested by Lawrenceburg include: (1) a limited jurisdiction certificate of public convenience and necessity under Section 7(c) of the Natural Gas Act (NGA) authorizing the transportation of gas by Lawrenceburg for Cincinnati to serve, for a period of between six and 12 months, a small number of customers on Cincinnati's distribution system; (2) a certificate of public convenience and necessity under Section 7(c) of the NGA to install and operate a 22.5-inch meter that will interconnect Lawrenceburg's facilities with those of Cincinnati at the Indiana-Ohio border; (3) pre-granted abandonment authorization for the certificates of public convenience and necessity requested herein; and (4) waiver of the Commission's reporting and accounting requirements ordinarily applicable to natural gas companies under the NGA and the Natural Gas Policy Act of 1978 and any waivers that the Commission may deem necessary.

Lawrenceburg states that on or about April 1, 1996, the Ohio Department of Transportation will commence construction work on a bridge on which certain Cincinnati facilities are located and that these facilities will have to be removed for a period of approximately six to 12 months. Lawrenceburg states that the result of removing these facilities is that a small portion of Cincinnati's service territory, including 62 residential customers, one school, and two industrial customers, will not be able to receive natural gas absent either Lawrenceburg's delivery of gas, as proposed herein, or the construction of costly temporary pipeline facilities.

Lawrenceburg states that pursuant to a transportation agreement dated January 17, 1996 (Rate Schedule X-1), Cincinnati will utilize its upstream capacity on Texas Gas Transmission Corporation (Texas Gas) and deliver gas to Lawrenceburg's Guilford Station interconnection with Texas Gas. Lawrenceburg states that it will take delivery of Cincinnati's gas and redeliver the gas at its interconnection with Cincinnati at the Indiana-Ohio border. Lawrenceburg anticipates that it will deliver a total of between 150,000 and 325,000 Dth during the period of the service described herein.

Lawrenceburg states that the proposed service will not adversely affect Lawrenceburg's nonjurisdictional distribution service due to the limited volumes delivered and limited facilities utilized by the proposed service.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 13, 1996, file with the Federal Energy Regulatory Commission,

Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application, if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Lawrenceburg to appear or be represented at the hearing.

Lois D. Cashell,  
*Secretary.*

BILLING CODE 6717-01-M

[Docket No. CP96-49-001]

**National Fuel Gas Supply Corporation; Notice of Petition To Vacate In-Part**

January 23, 1996.

Take notice that on January 18, 1996, National Fuel Gas Supply Corporation (National), 10 Lafayette Square, Buffalo, New York 14203, filed in Docket No. CP96-49-001 a "Notice of Continuation of Service" stating that National would continue service to Boston Gas Company (Boston Gas) under National's SS-2 Rate Schedule, all as more fully set forth in the amendment on file with the Commission and open to public inspection.

On December 19, 1995, the Commission issued an order in Docket No. CP96-49-000, granting the authority requested by National on
