

Commission's order issued December 29, 1995, in TM96-2-97-000, which directed Chandeaur to file, within 15 days of such order, to revise its tariff to identify the affected rate schedules and specify the step-by-step arithmetic averaging formula it uses to compute the fixed retention percentage. The Commission also directed Chandeaur to indicate the beginning and ending months of the 12-month base period used in the percentage formula, how underrecoveries or overrecoveries will be factored into its annual reconciliation, and to include in the step-by-step explanation of its methodology the allocation and classification of the fuel use and line loss gas it uses. Specifically, Chandeaur has revised Section 5 of Rate Schedules FT and IT and added Section 21 to the General Terms and Conditions to clarify Chandeaur's intentions, and has included the methodology and timing of any fuel reimbursement percentage adjustments and which rate schedules will be subject to such adjustments.

Chandeaur states that it is serving copies of the filing to its customers, State Commissions and interested parties.

**Columbia Gas Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff**

January 24, 1996.

Take notice that on January 17, 1996, Columbia Gas Transmission Corporation (Columbia) tendered for filing to become part of its FERC Gas Tariff, Second Revised Volume No. 1, the following substitute tariff sheet, to be effective February 1, 1996:

2nd Substitute Eleventh Revised Sheet No. 25

On December 29, 1995, Columbia submitted a filing in compliance with the Commission's "Suspension Order" issued on August 31, 1995 in Docket RP95-408, proposing tariff sheets to become effective February 1, 1996. Due to a clerical error the incremental surcharge associated with the total rate charge to Equitable Gas Company was misstated on Substitute Eleventh Revised Sheet No. 25. Footnote 5 on this sheet indicates that the incremental surcharge applicable to the assignees under the seller's former Rate Schedule X-70 is \$1.525/Dth for the Reservation Charge and 8.70c/Dth for the commodity rate. The correct incremental surcharge is \$.857/Dth for the Reservation Charge and 7.11c for the commodity rate. No other rates or tariffs sheets are affected since the error was limited to Footnote 5 which occurred

following the preparation of the overall rate design.

Columbia states that copies of its filing have been mailed to all firm customers interested interruptible customers, affected state regulatory commissions and the official service list in this proceeding.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations.
