

will improve the health of the watershed through the implementation of better range management practices, reduced soil erosion, and improved wildlife habitat.

The Notice of Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency, and to various federal, state, and local agencies, and interested parties. A limited number of copies of the FONSI are available to fill single-copy requests at the above address. Basic data developed during the environmental assessment is on file and may be reviewed by contacting Mr. Dean Fisher, State Conservationist.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the Federal Register.

(This activity is listed in the Catalog of Federal Domestic Assistance Program No. 10904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with state and local officials)

Dated: January 26, 1996.

Dean Fisher,

State Conservationist.

BILLING CODE 3410-16-M

Fall River Water Users System—North Unit, Fall River County, South Dakota

AGENCY: Natural Resources Conservation Service, Agriculture.

ACTION: Notice of a finding of no significant impact.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500); and the Natural Resources Conservation Service Regulations (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an Environmental Impact Statement is not being prepared for the Fall River Water Users System—North Unit Project, Fall River County, South Dakota.

FOR FURTHER INFORMATION CONTACT: Mr. Dean Fisher, State Conservationist, USDA, Natural Resources Conservation Service, Federal Building, Room 203, 200 4th Street SW, Huron, South Dakota, 57350-2475. Telephone (605) 352-1200.

SUPPLEMENTARY INFORMATION: The Environmental Assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on

the environment. As a result of these findings, Mr. Dean Fisher, State Conservationist, has determined that the preparation and review of an Environmental Impact Statement is not needed for this project.

The project purpose is the establishment of a dependable livestock water supply to provide water of good quality in adequate quantity for livestock. The installation of this project will improve the health of the watershed through the implementation of better range management practices, reduced soil erosion, and improved wildlife habitat.

The Notice of Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency, and to various federal, state, and local agencies, and interested parties. A limited number of copies of the FONSI are available to fill single-copy requests at the above address. Basic data developed during the environmental assessment is on file and may be reviewed by contacting Mr. Dean Fisher, State Conservationist.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the Federal Register.

(This activity is listed in the Catalog of Federal Domestic Assistance Program No. 10904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with state and local officials.)

Dated: January 26, 1996.

Dean Fisher,

State Conservationist.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket A(32b1)-2-96]

Foreign-Trade Zone 9—Honolulu, Hawaii; Request for Manufacturing Authority, NIC Americas Inc. (Medical Devices)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Department of Business, Economic Development & Tourism of the State of Hawaii, grantee of FTZ 9, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of NIC Americas Inc. (NIC) (wholly-owned subsidiary of Needle Incinerator Company Ltd. (UK)) to manufacture for export a certain medical device under

zone procedures within FTZ 9. It was formally filed on January 25, 1996.

NIC is planning to establish manufacturing and distribution facilities within FTZ 9 at sites in Hilo and Honolulu (Pier 2), Hawaii. The facilities (100-150 employees) would be used to produce a device that incinerates used hypodermic needles and seals them in a disposable cartridge (HTSUS 8419.89.9085). At the outset, the majority of the materials would be sourced from abroad, including: printed circuit board assemblies, electromagnets/solenoids, transformers, fuses, switches, piezo electric crystals, plastic parts, diaphragm and fasteners (duty rates: zero to 6.6%).

Zone procedures would exempt NIC from Customs duty payments on the foreign materials used in export manufacture. The application indicates that zone procedures for this activity would contribute to the company's export competitiveness.

Public comments on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period of their receipt is April 6, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 22, 1996.

A copy of the application and the accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th and Pennsylvania Avenue NW., Washington, DC 20230.

Dated: January 25, 1996.

John J. Da Ponte, Jr.,

Executive Secretary.
