

(2) If rivets are found missing, prior to further flight, install the rivets in accordance with the ACCOMPLISHMENT INSTRUCTIONS section of Beech Service Bulletin No. 2630, Issued: November 1995.

(b) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

(c) An alternative method of compliance or adjustment of the compliance time that provides an equivalent level of safety may be approved by the Manager, Wichita Aircraft Certification Office, 1801 Airport Road, Room 100, Mid-Continent Airport, Wichita, Kansas 67209. The request shall be forwarded through an appropriate FAA Maintenance Inspector, who may add comments and then send it to the Manager, Wichita Aircraft Certification Office.

Note 2: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Wichita Aircraft Certification Office.

(d) All persons affected by this directive may obtain copies of the document referred to herein upon request to Beech Aircraft Corporation, P.O. Box 85, Wichita, Kansas 67201-0085; or may examine this document at the FAA, Central Region, Office of the Assistant Chief Counsel, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.

Issued in Kansas City, Missouri, on February 2, 1996.

John R. Colomy,

Acting Manager, Small Airplane Directorate, Aircraft Certification Service.

DEPARTMENT OF EDUCATION

34 CFR Part 646

RIN 1840-AC24

Student Support Services Program

AGENCY: Department of Education.

ACTION: Reopening of comment period.

SUMMARY: On December 17, 1995, the Department of Education published in the Federal Register a notice of proposed rulemaking (NPRM) for the Student Support Services program (60 FR 64108). The comment period for the NPRM ended on January 12, 1996.

The Department has received requests from the National, regional and State associations for the program and potential grantees for an extension of the comment period on the NPRM. A longer comment period would give these interested parties an opportunity for dialogue with program staff regarding technical clarification and substantive inquiries prior to submitting comments. The Department believes

this approach would improve the quality of information available for rulemaking, so the Secretary is reopening the comment period.

DATES: Comments must be received on or before February 22, 1996.

ADDRESSES: All comments concerning this notice or the notice of proposed rulemaking should be addressed to Steven G. Pappas, U.S. Department of Education, 600 Independence Avenue, S.W., Suite 600D, Portals Building, Washington, D.C. 20202-5249. Comments may also be sent through the Internet to TRIO@ed.gov.

FOR FURTHER INFORMATION CONTACT: Virginia A. Mason, Division of Student Services, U.S. Department of Education, 600 Independence Avenue, S.W., The Portals Building, Suite 600D, Washington, D.C. 20202-5249. Telephone (202) 708-4804. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

Dated: January 24, 1996.

David A. Longanecker,

Assistant Secretary for Postsecondary Education.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 268, 271, and 302

[FRL-5418-8]

Hazardous Waste Management System; Identification and Listing of Hazardous Waste: Petroleum Refining Process Wastes; Corrections

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed rulemaking; correction.

SUMMARY: The Environmental Protection Agency (EPA) is today issuing a technical correction of the proposed rule published on November 20, 1995 (60 FR 57747). EPA is issuing this technical correction to address the incorrect proposed treatment standard for a proposed newly identified hazard waste containing the constituent dibenz(a,h)anthracene, to restate correctly the self-implementing provision of the prohibition on land disposal of newly listed and identified wastes, and to make other typographical corrections.

FOR FURTHER INFORMATION CONTACT: For general information contact the RCRA/Superfund Hotline, toll free, at (800)424-9346, or at (703)920-9810. For technical information concerning this notice, contact Mr. Maximo Diaz, Office of Solid Waste (5304), U.S.

Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460, (202) 260-4786.

SUPPLEMENTARY INFORMATION: On November 20, 1995, the EPA proposed the hazardous listing determination of a number of wastes from the petroleum refining industry. As part of that action, the Agency proposed treatment standards for the proposed newly identified hazardous wastes. For the K170 wastestream, the Agency inadvertently stated the treatment standard for the constituent dibenz(a,h)anthracene as .0055 mg/L. The correct concentration of 0.055 mg/L should have appeared in Table V-1 (page 57787) and in the regulatory text at § 268.40 (page 57797), and is being corrected to so read.

Under RCRA section 3004(g)(4)(C), additional land disposal prohibitions for wastes identified under RCRA section 3001 shall take place by the date six months after the date of such identification or listing. In accordance with section 3004(g)(4)(C), the effective date of additional land disposal restrictions on the proposed newly identified wastes should have indicated six months after the effective date of the final rule in § 271.1(j) Table 2—Self-Implementing Provisions of the Solid Waste Amendments of 1984 on page 57799. This table is being corrected to so read.

Minor typesetting errors appeared on pages 57789 and 57800. On page 57789, the central tendency risks for CSO sediment/solids should have been expressed as 3×10^{-6} , not 3×10^{-9} . On page 57800, the final RQ in Pounds(Kg) for the entry K172 is corrected to read 100(45.4) not "B100(45.4)."

Dated: January 29, 1996.

Timothy Fields, Jr.,

Deputy Assistant Administrator, Office of Solid Waste and Emergency Response.

Accordingly, the publication on November 20, 1995 of proposed regulations, which were the subject of FR Doc. 95-27693, is corrected as follows:

PART 268—LAND DISPOSAL RESTRICTIONS [CORRECTED]

§ 268.40 [Corrected]

1. On page 57797 in § 268.40 the Table of Treatment Standards, the proposed wastewater concentration for
