

request on file with the Commission and open to public inspection.

Williston Basin indicates that the new metering station and associated appurtenant facilities will include a SCADA communication system enclosed within a building, a meter, regulators, miscellaneous gauges and valves, and a steel building, all of which will be enclosed within security fence. The estimated cost to construct said facilities is \$100,000, and it is stated that Prairielands will reimburse Williston Basin in full for the cost of the facilities.

Williston Basin mentions that the estimated maximum volumes to be delivered are 4,000 Mcf per day, and that it will provide the service under its IT-1 Rate Schedule. Williston Basin states that the volumes that it is proposing herein to deliver, are within the contractual entitlements of the customer.

It is averred that the addition of the proposed facilities will not have a significant effect on Williston Basin's peak day or annual requirements, and capacity has been determined to exist on the Williston Basin system to serve this natural gas market.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Notice of Cultural Resources Compliance Training

February 5, 1996.

The Office of Pipeline Regulation (OPR) staff will convene a one-day cultural resources compliance training course on April 10, 1996 in New Orleans, Louisiana. We are offering this course in conjunction with the Society for American Archaeology (SAA) Annual Meeting, but our course is

independent of the SAA meeting. The objective is to provide members of the regulated pipeline industry and interested individuals and organizations an understanding of:

- How best to assist the Commission in meeting its responsibilities under the National Historic Preservation Act (NHPA) and other historic preservation laws and regulations; and
- What cultural resources information the industry needs to file with the Commission before and after the Commission issues a certificate for interstate natural gas pipeline projects.

We encourage interested organizations and the public to take advantage of this course.

The course will include:

- Objectives and requirements of the Commission regarding compliance with § 106 of the NHPA and related historic preservation laws;
- Guidance for reporting on cultural resources investigations;
- Definition of cultural resources terms used by the Commission in the compliance process; and
- Efficient strategies for planning and conducting cultural resources investigations.

The location is the New Orleans Marriott Hotel, 555 Canal Street, New Orleans, Louisiana. For hotel reservations, call (504) 581-1000 and identify yourself as an attendee of the course offered in conjunction with the SAA Conference. Special hotel room rates are available until March 15, 1996.

The OPR staff and Foster Wheeler Environmental Corporation, the Commission's environmental support contractor, will conduct the training. There is no fee for the course, but you must pre-register. Please call the telephone number listed below to obtain a pre-registration form.¹ Because space is limited, please mail or fax the registration form within 15 days of publication of this notice to: Ms. Sarah Adam, Foster Wheeler Environmental Corporation, 470 Atlantic Avenue, Boston, MA 02210, Telephone: (617) 542-8805, FAX: (617) 695-1587.

You will receive confirmation of pre-registration and additional information before the Commission's training course. However, an insufficient number of registrants will result in cancellation of the course. We will attempt to notify registrants by March 29, 1996, if the course is cancelled or you may obtain that information by

¹The registration form referenced in this notice is not being printed in the Federal Register. Copies of the form were sent to those receiving this notice in the mail.

calling (617) 542-8805 on or after that date.
