

40 CFR Part 52

[CA 71-9-7222b; FRL-5399-2]

Approval and Promulgation of State Implementation Plans; California State Implementation Plan Revision, Monterey Bay Unified Air Pollution Control District**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the California State Implementation Plan (SIP) which concern the control of volatile organic compound (VOC) emissions from oil water separators, and the use of architectural coatings. In addition, EPA is proposing to remove a rule from the SIP which controls emissions from rubber tire manufacturing. The one facility affected by this rule has shutdown.

The intended effect of proposing approval of these rules is to regulate emissions of VOCs in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). In the Final Rules Section of this Federal Register, the EPA is approving the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this proposed rule must be received in writing by March 11, 1996.

ADDRESSES: Written comments on this action should be addressed to: Daniel A. Meer, Rulemaking Section (A-5-3), Air and Toxics Division, U.S. Environmental Protection Agency, Region 9, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the rules and EPA's evaluation report of each rule are available for public inspection at EPA's Region 9 office during normal business hours. Copies of the submitted rules are also available for inspection at the following locations:

California Air Resources Board, Stationary Source Division, Rule Evaluation Section, 2020 "L" Street, Sacramento, CA 95812.
Monterey Bay Unified Air Pollution Control District, 24580 Silver Cloud Court, Monterey, CA 93940.

FOR FURTHER INFORMATION CONTACT:

Christine Vineyard, Rulemaking Section (A-5-3), Air and Toxics Division, U.S. Environmental Protection Agency, Region 9, 75 Hawthorne Street, San Francisco, CA 94105-3901, Telephone: (415) 744-1197.

SUPPLEMENTARY INFORMATION: This document concerns Monterey Bay Unified Air Pollution Control District Rule 420, Effluent Oil Water Separators; Rule 426, Architectural Coatings; and Rule 428, Manufacture of Rubber Tires. These rules were submitted to EPA on November 18, 1993 by the California Air Resources Board. For further information, please see the information provided in the Direct Final action which is located in the Rules Section of this Federal Register.

Authority: 42 U.S.C. 7401-7671q.

Dated: December 10, 1995.

Felicia Marcus,

Regional Administrator.

Approval and Promulgation of Implementation Plans; Indiana**AGENCY:** Environmental Protection Agency (USEPA).**ACTION:** Proposed rule.

SUMMARY: The United States Environmental Protection Agency (USEPA) proposes to approve the State Implementation Plan (SIP) revision request submitted by the State of Indiana on August 25, 1995, for the purpose of lowering the Reid Vapor Pressure (RVP) of summertime gasoline from 9.0 pounds per square inch (psi) to 7.8 psi for the Clark and Floyd County ozone nonattainment area. In the final rules section of this Federal Register, the USEPA is approving this action as a direct final rule without prior proposal because USEPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives

adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on the proposed rule. USEPA will not institute a second comment period on this action. Any parties interested in commenting on this document should do so at this time.

DATES: Comments on this proposed rule must be received on or before March 11, 1996.

ADDRESSES: Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal are available for inspection at: Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT:

Mark J. Palermo, Regulation Development Section, Regulation Development Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6082.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the rules section of this Federal Register.

Dated: November 21, 1995.

Valdas V. Adamkus,

Regional Administrator.

Approval and Promulgation of Implementation Plans; Indiana**AGENCY:** Environmental Protection Agency.**ACTION:** Proposed rule.

SUMMARY: The United States Environmental Protection Agency (USEPA) proposes to approve an August 25, 1995 State request for a site-specific revision to the Indiana sulfur dioxide State Implementation Plan (SO₂ SIP). This revision revises the SO₂ emission limitations applicable to the Joseph E. Seagram and Sons, Inc., facility in Lawrenceburg, Indiana. In the final rules section of this Federal Register, the USEPA is approving the State's SIP revision as a direct final rule without
