Type of Request: Extension of a Currently Approved Information Collection.

Abstract: The Agricultural Adjustment Act of 1938, as amended, sections 377 and 378, pages 12-6 through 12-8 of the Compilation of Statutes, provides for pooling and transferring of allotments for any commodity for any land from which the owner is displaced because of acquisition of the land by any Federal, State or local agency having the power of eminent domain. An acquisition, with respect to land, is a taking, under the power of eminent domain by a Federal, State, or other agency of: title to land, an impoundment easement on land, or a flowage easement on land. An owner is considered displaced from a farm acquired under the eminent domain power exercised by the Federal, State, or local agency.

The eminent domain pool is a reverse of allotments, quotas, bases, and irrigated acreage maximum (IAM's) for the base years, held for displaced owners for transfer to other farms they own or purchase. The information is manually recorded on ASCS-177 (Record of Pooled Farm Allotment, Quota or CAB and IAM) and ASCS-178 (Application for Transfer of Allotment, Quota or CAB and IAM from Pool), by county office employees from county office records and from information obtained from the displaced owner. The information is used when transferring the allotment, quota, base, or IAM's at the displaced owner's request, to other land owned or acquired by the

displaced owner within 3 years of the date of the owner's displacement.
