

Management, 3380 Americana Terrace, Boise, Idaho 83706; Phone 208-384-3056.

SUPPLEMENTARY INFORMATION: The three preliminary alternatives identified in the Notice of Intent of November 24, 1995, were: (1) The continuation of current management (no action alternative) as provided for in existing land use plans, (2) application of the fall back standards and guidelines contained in the regulations, and (3) the adoption of standards and guidelines developed locally and in consultation with Idaho BLM's three Resource Advisory Councils. The three preliminary alternatives identified above to modify land use plans in Idaho are amended as follows: (1) Adoption of new Standards and Guidelines specific to Idaho and developed in consultation with Idaho BLM's three Resource Advisory Councils, and (2) adoption of the Fall back Standards and Guidelines specified in the new grazing regulations. These preliminary alternatives are subject to change pending analysis of comments at the conclusion of scoping. Any changes will be reflected in the NEPA document.

J. David Brunner,
Deputy State Director for Resource Services.

National Park Service

60 Day Notice of Intention to Request Clearance of Information Collection, Opportunity for Public Comment

AGENCY: National Park Service, The Department of Interior.

ACTION: Notice and request for comments.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C., Chapter 3507) and 5 CFR Part 1320, Reporting and Recordkeeping Requirements, the National Park Service invites public comments on a proposed information collection request (ICR). Comments are invited on: (1) the need for the information including whether the information has practical utility; (2) the accuracy of the reporting burden estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology.

The primary purpose of the ICR is to nominate properties for listing in the National Register of Historic Places, the official list of the Nation's cultural resources worthy of preservation, which public law requires that the Secretary of the Interior maintain and expand. Properties are listed in the National Register upon nomination by State Historic Preservation Officers and Federal Preservation Officers. Law also requires Federal agencies to request determinations of eligibility for property under their jurisdiction or affected by their programs or projects. The forms provide the historic documentation on which decisions for listing and eligibility are based.

DATES: Public comments will be accepted for sixty days from the date listed at the top of this page in the Federal Register.

ADDRESSES: Send comments to Carol Shull, Keeper of the National Register, National Park Service, P.O. Box 37127, Washington, DC 20013-7127.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Copies of the proposed ICR requirement can be obtained from Carol Shull, Keeper of the National Register, National Park Service, P.O. Box 37127, Washington, DC 20013-7127.

For further information, contact Carol Shull, (202) 343-9500.

SUPPLEMENTARY INFORMATION:

Title: National Register of Historic Places Registration Form, National Register of Historic Places Continuation Sheet, and National Register of Historic Places Multiple Property Documentation Form.

Form: NPS 10-900, -a, -b.

OMB Number: NPS 1024-0018.

Expiration Date: March 31, 1996.

Type of Request: Extension of the expiration date.

Description of need: The National Historic Preservation Act requires the Secretary of the Interior to maintain and expand the National Register of Historic Places, and to establish criteria and guidelines for including properties in the National Register. The National Register of Historic Places Registration Form documents properties nominated for listing in the National Register and demonstrates that they meet the criteria established for inclusion. The documentation is used to assist in preserving and protecting the properties and for heritage education and interpretation. National Register properties must be considered in the planning for Federal or federally assisted projects. National Register

listing is required for eligibility for the federal rehabilitation tax incentives.

Description of respondents: The affected public are State, tribal, and local governments, federal agencies, businesses, non-profit organizations, and individuals. Nominations to the National Register of Historic Places are voluntary.

Estimated annual reporting burden: 36,000 hours.

Estimated average burden hours per response: 18 hours.

Estimated average number of respondents: 1000.

Estimated frequency of response: 2000 annually.

Dated: February 6, 1996.

Terry N. Tesar,
Information Collection Clearance Officer,
Management Services Division, National Park Service.

National Park Service

Deer Management Plan and Environmental Assessment; Fire Island National Seashore, NY

ACTION: Notice of intent.

SUMMARY: The National Seashore, working cooperatively with the public and with other agencies, had begun a process to develop three separate deer management plans tailored to unique problems and needs at each of three sites: the William Floyd Estate in Mastic Beach, the Wilderness Area of Fire Island National Seashore (from Smith Point west to Watch Hill), and the western end of the Seashore (from Watch Hill to the Fire Island Lighthouse). The management planning process involved the formation of task groups and included public scoping meetings. This process would have culminated with a National Environmental Policy Act (NEPA), Environmental Assessment.

Based on the results of the first five scoping meetings and the controversies that were apparent in the meetings, the National Park Service, Fire Island National Seashore has decided to dismiss the task groups, bypass the Environmental Assessment process, and go directly to a NEPA, Environmental Impact Statement (EIS) process.

Further scoping meetings, for the same three areas, are being planned. The Seashore will continue to invite participants from the past task groups, and are hereby inviting all other

interested parties, to all future scoping meetings. Please be advised that these future meetings will be announced through the local media.

ADDRESSES: Inquiries on future meeting dates should be submitted to the Superintendent, Fire Island National Seashore, 120 Laurel Street, Patchogue, NY 11772, telephone (516) 289-4810.

SUPPLEMENTARY INFORMATION: As at many locations in the Northeast, increasing populations of white-tailed deer are causing concern about impacts to the natural resource values of the Seashore as well as the various kinds of impacts within the communities that are integral with Seashore property. To devise the safest, most practical, and least disruptive plans, the Seashore is seeking the input of all parties affected by the issue, such as the residents of Fire Island and Mastic Beach communities and managers of public lands also bordering the Seashore. For example, both the Robert Moses State Park and the Smith Point County Park (both located on Fire Island) have been asked to participate in the planning process.

The focus of each of the public scoping meetings will be to discuss NPS and other local issues pertaining to deer in each of the three management areas; to begin to define the problems, and to set management planning objectives. When the issues and objectives have been delineated, the next step is development of management alternatives for resolving the issues and meeting objectives.

The NEPA EIS document will describe each management alternative (as developed through the scoping meetings), state the Seashore's preferred alternative and analyze the impacts of each alternative. This document, as a Draft EIS, will be made available for public review by subsequent notice in the Federal Register, and through the local media.

Members of the National Seashore's staff will participate in all the scoping meetings to answer questions specific to white-tailed deer, park operational issues related to deer, park management objectives, alternative development or any other aspect of the deer management planning process.

For further information, please contact the superintendent at 516-289-4810 or by writing to: Superintendent, Fire Island National Seashore, 120 Laurel Street, Patchogue, New York 11772.

Jack Hauptman,
Superintendent.

BILLING CODE 4310-70-M

Office of Surface Mining Reclamation and Enforcement

Information Collection Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act

The proposal for the collection of information listed below has been submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collection of information and related form may be obtained by contacting the Bureau's clearance officer at the phone number listed below. Comments and suggestions on the proposal should be made directly to the bureau clearance officer and to the Office of Management and Budget, Paperwork Reduction Project (1029-0095), Washington, DC, 20503, telephone 202-395-7340.

Title: Initial Regulatory Program; 30 CFR Part 710.

OMB Approval Number: 1029-0095.

Abstract: Information collected in Part 710 is used to ensure States are conducting minesite inspections under the initial regulatory program established by the Surface Mining Control and Reclamation Act of 1977 (SMCRA). Information collected is also used to bring pre-existing, nonconforming structures into compliance during the phase-in of the initial regulatory program under SMCRA, and to grant small operators exemptions from some of the initial regulatory program requirements.

Bureau Form Number: None.

Frequency: On occasion.

Description of Respondents: State regulatory authorities and surface coal mining operators.

Annual Responses: One.

Annual Burden Hours: One.

Average Burden Hours Per Response: One.

Bureau Clearance Officer: John A. Trelease (202) 208-2617.

Dated: December 7, 1995.

Gene E. Krueger,

Acting Chief, Office of Technology Development and Transfer.

The proposal for the collection of information listed below has been submitted to the Office of Management

and Budget for approval under the Provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collection of information and related form may be obtained by contacting the Bureau's clearance officer at the phone number listed below. Comments and suggestions on the proposal should be made directly to the bureau clearance officer and to the Office of Management and Budget, Paperwork Reduction Project (1029-0027), Washington, D.C. 20503, telephone 202-395-7340.

Title: General Requirements for Surface Coal Mining and Reclamation Operations on Federal Lands—30 CFR Part 740

OMB Approval Number: 1029-0027.

Abstract: Section 522 of the Surface Mining Control and Reclamation Act of 1977 (Act) requires that a Federal lands program be established to govern surface coal mining and reclamation operations on Federal lands. The information requested is needed to assist the regulatory authority in determining the eligibility of the applicant and compliance with the requirements of the Act.

Bureau Form Number: None.

Frequency: On occasion.

Description of Respondents: Coal mine operators and State regulatory authorities.

Estimated completion time: 21 hours.

Annual Responses: 30.

Annual Burden Hours: 643.

Bureau Clearance Officer: John A. Trelease (202) 208-2617.

Dated: December 7, 1995.
