

Under Subpart (b) of Ordering Paragraph (F) of the Commission's February 13, 1985, Order, Frontier is "authorized to commence the sale of its inventory under such an executed service agreement fourteen days after filing the agreement with the Commission, and may continue making such sale unless the Commission issues an order either requiring Frontier to stop selling and setting the matter for hearing or permitting the sale to continue and establishing other procedures for resolving the matter."

Any person desiring to be heard or to make a protest with reference to said filing should, within 10 days of the publication of such notice in the Federal Register, file with the Federal Energy Regulatory Commission (888 1st Street N.E., Washington, D.C. 20426) a motion to intervene or protest in accordance with the requirements of the Commission's Rules of Practice and Procedures, 18 CFR 385.214 or 385.211. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Koch Gateway Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

February 7, 1996.

Take notice that on February 2, 1996, Koch Gateway Pipeline Company (Koch Gateway) tendered for filing to become part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the following tariff sheet to be effective March 3, 1996:

Third Revised Sheet No. 403

Koch Gateway states that this filing is submitted as a limited application pursuant to Section 4 of the Natural Gas Act, 15 U.S.C. § 717c (1988), and Part 154 of the Rules and Regulations of the Federal Energy Regulatory Commission.

Koch Gateway states the above tariff sheet is being submitted to provide a more flexible injection schedule for its firm storage customers by increasing its injection capability near the end of the injection season at its Bistineau Storage Facility.

Koch Gateway also states that copies of its filing are being served upon Koch Gateway customers, state commissions and other interested parties.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's regulations. All such motions or protest must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. CP96-167-000]

Northwest Pipeline Corporation; Notice of Request Under Blanket Authorization

February 7, 1996.

Take notice that on February 1, 1996, Northwest Pipeline Corporation (Northwest), 295 Chipeta Way, Salt Lake City, Utah 84158, filed in Docket No. CP96-167-000 a request pursuant to Sections 157.205, 157.211 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211 and 157.216) for authorization to abandon certain facilities at the Glenns Ferry Meter Station in Elmore County, Idaho and to construct and operate upgraded replacement facilities at this station to more efficiently accommodate existing firm maximum daily delivery obligations at this delivery point to Intermountain Gas Company under Northwest's blanket certificate issued in Docket No. CP82-433-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Northwest states that since the existing regulators can not efficiently accommodate the existing peak hourly flow rates, it proposes to upgrade the Glenns Ferry Meter Station by replacing the two existing 1-inch regulators and appurtenances with two new 1-inch regulators and appurtenances.

In addition, Northwest states that, as a result of this replacement, the maximum design capacity of the meter station will increase from 1,117 Dth per day (as limited by the existing

regulators) to approximately 1,867 Dth per day at 150 psig (as limited by the existing meters).

Northwest also states that no abandonment of service will occur and no impact on Northwest's system peak day or annual deliveries is projected to result from the proposed facility replacements at the Glenns Ferry Meter Station.

Northwest further states that the total cost of the proposed facility replacement at the Glenns Ferry Meter Station is estimated to be approximately \$16,600; comprised of \$15,600 for installation of the new facilities and \$1,000 for removal of the old facilities.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rue 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,

Secretary.
