

Dear Secretary Ervin: In order to expedite the approval to petition for waiver and application for interim waiver requested in my letter dated Aug. 30th 1995, Superior Fireplaces Company is ready to accept the changes to the first waiver as follows:

Superior Fireplaces Company will adopt the test procedure proposed by DOE on 23 August, 1993.58 FR 44538. Accordingly, we request to calculate the weighted average steady state efficiency using the minimum obtainable fuel input rate provided this rate is no greater than $\frac{2}{3}$ the maximum input rate of the fireplace. Specifically, the models included in this request will be tested at $\frac{2}{3}$ of the maximum fuel input rate.

The second waiver requested in my first letter will remain unchanged.

We are very confident that both of these waivers will be granted since similar waivers have been granted to the other manufacturers.

Sincerely,

Hardial Gore,

Sr. Project Engineer.
