ACTION: Availability of guidelines and interpretations.

SUMMARY: This notice provides information on how to obtain copies of guidance and interpretation documents RSPA has issued to assist operators in complying with part 199.

ADDRESSES: Copies of the documents referenced in this notice may be obtained by writing or telephoning the Transportation Safety Institute, Research and Special Programs Administration, DTI-60, 6500 South MacArthur Boulevard, Oklahoma City, OK 73169; (405) 954-4643.

TEXT SUPPLEMENTARY INFORMATION: On November 21, 1988, RSPA published a final rule (53 FR 47084) entitled "Control of Drug Use in Natural Gas, Liquefied Natural Gas, and Hazardous Liquid Pipeline Operations." On February 15, 1994, RSPA published a final rule (59 FR 7430) entitled "Alcohol Misuse Prevention Program." The rules require pipeline operators to have an anti-drug program and alcohol misuse prevention program. The anti-drug program includes pre-employment, post-accident, random, and reasonable cause drug testing, and an Employee Assistance Program (EAP) for education and training regarding the effects and consequences of drug use. The alcohol misuse prevention program includes post-accident, reasonable suspicion alcohol testing, and the provision of resources for evaluating, resolving problems, and education associated with the misuse of alcohol.

Since publication of the November 1988 and February 1994 final rules, RSPA has received numerous requests for interpretations of 49 CFR part 199 subpart A and subpart B. In September 1989, RSPA issued "Guidelines for Implementing an Anti-Drug Program For Pipeline Personnel" (correction issued June 13, 1990), and in April 1990, issued "Additional Guidelines For Implementing An Anti-Drug Program For Pipeline Personnel." In September 1994, RSPA issued "Implementation Guidelines for the Alcohol Misuse Prevention Program in the Pipeline Industry." Also in April 1990, a compilation of questions and answers was issued entitled, "Most Frequently Asked Questions Concerning the Implementation of 49 CFR 199" ("Questions"). Although these documents have been widely distributed, RSPA believes it is important to publish a notice in the Federal Register of their availability from the Office of Pipeline Safety at the address noted above under **ADDRESSES**.

Issued in Washington, DC on February 9, 1996.

Associate Administrator, Office of Pipeline Safety.
