

ACTION: Proposed rule.

SUMMARY: On May 15, 1991, the State of North Carolina, through the North Carolina Department of Environment, Health and Natural Resources, submitted revisions to the North Carolina State Implementation Plan (SIP) to EPA. These revisions include the correcting of an address; the limiting of emissions of particulates from fuel burning indirect heat exchangers; the elimination of a conflicting statement on updating referenced regulations; the addition of compounds whose emissions will not be considered in nonattainment areas; the changing of the allowable emission limits for several boilers; and the clarification of the permit requirements for replacement of existing equipment; and for sources subject to PSD requirements. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by March 15, 1996.

ADDRESSES: Written comments on this action should be addressed to Mr. Randy Terry at the EPA Regional Office listed below.

Approval and Promulgation of Air Quality Implementation Plans; Maine; NSR Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a State Implementation Plan (SIP) revision submitted by the State of Maine. This revision establishes and requires the implementation of the Clean Air Act Amendments (CAAA) of 1990 with regard to New Source Review (NSR) in areas that have not attained the National Ambient Air Quality Standards (NAAQS). In addition, the revision contains minor changes to Maine's Prevention of Significant Deterioration program. In the Final Rules Section of this Federal Register, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this action serving as a proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this notice should do so at this time.

DATES: Comments must be received on or before March 15, 1996.

ADDRESSES: Comments may be mailed to Susan Studien, Acting Director, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region I, JFK Federal Bldg., Boston, MA 02203. Copies of the State submittal and EPA's technical support document are available for public inspection during normal business hours, by appointment at the Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region I, One Congress Street, 10th floor, Boston, MA and the Department of Environmental Protection, 71 Hospital Street, Augusta, ME 04333.

Approval and Promulgation of Air Quality Implementation Plans; Massachusetts; Automotive Refinishing

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a State Implementation Plan (SIP) revision submitted by the Commonwealth of Massachusetts. This revision establishes and requires VOC emission standards for automotive refinishing coatings. In the Final Rules Section of this Federal Register, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule.

If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this proposal. Any parties interested in commenting on this proposal should do so at this time.

DATES: Comments must be received on or before March 15, 1996.

ADDRESSES: Comments may be mailed to Susan Studlien, Deputy Director, Office of Ecosystems Protection, U.S.

Environmental Protection Agency, Region I, JFK Federal Bldg., Boston, MA 02203. Approval and Promulgation of Implementation Plans and Delegation of 112(I) Authority; Lincoln-Lancaster County Health Department and City of Omaha (Nebraska)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the state of Nebraska on behalf of the two local air pollution control agencies. The state has an approved program (published in the Federal Register on January 4, 1995), and the local agencies have adopted the state's regulatory framework. The state has made this request so that the local agencies may issue Federally enforceable Class II permits as an alternative to Title V.

Like the state's program, this SIP revision includes the creation of a Class II operating permit program and adopts the state's Part D (nonattainment) new source review rule changes, SO₂ rule corrections, and provisions for compliance and enforcement information. In the final rules section of the Federal Register, the EPA is approving this revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale

for the approval is set forth in the direct final rule.

If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If the EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Comments on this proposed rule must be received in writing by March 15, 1996.

ADDRESSES: Comments may be mailed to Christopher D. Hess, Environmental Protection Agency, Air Branch, 726 Minnesota Avenue, Kansas City, Kansas 66101.

FOR FURTHER INFORMATION CONTACT: Christopher D. Hess at (913) 551-7213.

SUPPLEMENTARY INFORMATION: See the information provided in the direct final rule which is located in the rules section of the Federal Register.

Dated: December 7, 1995.

Approval and Promulgation of State Implementation Plans; California State Implementation Plan Revision, San Diego County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing a limited approval and limited disapproval of revisions to the California State Implementation Plan (SIP) which concern the control of volatile organic compound (VOC) emissions from kelp processing and bio-polymer manufacturing operations.

The intended effect of proposing limited approval and limited disapproval of this rule is to regulate emissions of VOCs in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). In the Final Rules Section of this Federal Register, the EPA is finalizing a simultaneous limited approval and limited disapproval of the state's SIP
