[MM Docket No. 96-11; RM-8742]

#### Radio Broadcasting Services; Waverly, NY, Altoona, PA

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule.

**SUMMARY:** The Commission requests comments on a petition filed by WSKG Public Telecommunications Council seeking the allotment of UHF TV Channel 57- to Waverly, NY, and its reservation for noncommercial educational use. To accommodate the Waverly allotment, petitioner also requests that the allotment reference coordinates for vacant and unapplied-for channel \*57+ at Altoona, PA, be modified. Channel \*57- can be allotted to Waverly in compliance with the Commission's minimum distance separation requirements with a site restriction of 7.6 kilometers (4.7 miles) north, at coordinates 42-04-33 North Latitude and 76-30-48 West Longitude, to avoid a short-spacing to Station WGBY-TV, Channel 57+, Springfield, MA, and Station CITY-TV, Channel 57, Toronto, Ontario, Canada. The proposed allotment reference coordinates for Channel \*57+ at Altoona, 40-24-30; 78-31-30, are 16.2 kilometers (10.1 miles) southwest. Waverly and Altoona are both located within 400 kilometers (250 miles) of the U.S.-Canadian border. Therefore, concurrence of the Canadian Government will be obtained for these allotments. Waverly is not affected by the Commission's temporary freeze on new television allotments in certain metropolitan areas. Altoona, however, lies within the Pittsburgh, PA, freeze zone. Therefore, even if the proposed change at Altoona is adopted, the freeze on applications will continue in force.
