

College Station, Texas (College Station) and an unexecuted Transmission Service Agreement between WTU and College Station (Service Agreements). Under the Service Agreements, CPL and WTU will transmit power and energy purchased by College Station from Texas Utilities Electric Company (Texas Utilities). CPL and WTU request that the Service Agreements be accepted to become effective as of January 1, 1996.

Copies of the filing were served on College Station and the Public Utility Commission of Texas.

Comment date: February 23, 1996, in accordance with Standard Paragraph E at the end of this notice.

24. Northern States Power Company (Minnesota), Northern States Power Company (Wisconsin)

[Docket No. ER96-984-000]

Take notice that on January 30, 1996, Northern States Power Company-Minnesota (NSP-M) and Northern States Power Company-Wisconsin (NSP-W) jointly tendered and request the Commission to accept two Transmission Service Agreements which provide for Limited and Interruptible Transmission Service to J Power Inc.

NSP requests that the Commission accept for filing the Transmission Service Agreements effective as of January 31, 1996. NSP requests a waiver of the Commission's notice requirements pursuant to Part 35 so the Agreements may be accepted for filing effective on the date requested.

Comment date: February 23, 1996, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraph

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the

Commission and are available for public inspection.

PacifiCorp Electric Operations; Notice of Intent To Reschedule Date and Hold Public Meetings in White Salmon, Washington, To Discuss the Draft Environmental Impact Statement (DEIS) for Relicensing of the Condit Hydroelectric Project

February 13, 1996.

On December 8, 1995, the Draft Environmental Impact Statement for the Condit Hydroelectric Project was distributed to all parties on the Commission's mailing list and a notice of availability was published in the Federal Register. The DEIS evaluates the environmental consequences of the proposed relicensing of the project. The project is located in Skamania and Klickitat Counties, Washington.

Two public meetings had been scheduled to be held in White Salmon, Washington early February, for the purpose of allowing Commission Staff to present the major DEIS findings and recommendations. Due to major ice and snow storms in the project area, the public meetings had to be canceled. The meetings have been rescheduled for February 29, 1996. Interested parties will have an opportunity to give oral comment on the DEIS for the Commission's public record. Comments will be recorded by a court reporter. Individuals will be given up to five minutes each to present their views on the DEIS.

Meeting Dates & Times:

Thursday, February 29, 1996 from
9:00 AM—1:00 PM

Thursday, February 29, 1996 from
7:00 PM—11:00 PM

Location: Both meetings will be held at the Park Center Auditorium, 170 NW Lincoln Street, White Salmon, Washington (the main entrance to the auditorium is from Washington Street).

Comments may also be submitted in writing, addressed to Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 888 First Street N.E., Washington, D.C. 20426. Reference should be clearly made to the Condit Project, No. 2342. NOTE: THE COMMENT PERIOD HAS BEEN EXTENDED from February 21, 1996 to MARCH 6, 1996.

For further information, contact: John Blair, DEIS Task Monitor, (202) 219-2845.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5424-6]

Agency Information Collection Activities: Environmental Radiation Ambient Monitoring System (ERAMS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that EPA is planning to submit the following proposed and/or continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Environmental Radiation Ambient Monitoring System (ERAMS). Approved through 07/31/96. OMB NO. 2060-0015. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments will be accepted until April 22, 1996.

ADDRESSES: Office of Radiation and Indoor Air (ORIA), 401 M Street SW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Charles M. Petko, (334) 270-3411; FAX (334) 270-3454; EMAIL to PETKO.CHARLES@EPMAIL.EPA.GOV

SUPPLEMENTARY INFORMATION:

Affected entities: Voluntary sample collectors, usually state employees but also some employees of local governments.

Title: Environmental Radiation Ambient Monitoring System (ERAMS); OMB NO. 2060-0015; Expiration date, 07/31/96.

Abstract: The Environmental Radiation Ambient Monitoring System (ERAMS) is a national network of stations sampling media that include air, precipitation, drinking water, surface water, and milk. Samples are sent to EPA's National Air and Radiation Environmental Laboratory (NAREL) in Montgomery, AL, where they are analyzed. ERAMS provides emergency response and ambient monitoring information regarding levels of environmental radiation across the nation. All stations, usually manned by state and some local personnel,

participate in ERAMS voluntarily. Station operators complete information forms that accompany the samples. The forms request descriptive information related to sample collection, e.g., sample type, sample location, length of sampling, and volume represented.

An agency may not conduct or sponsor, and person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) enhance the quality, utility, and clarity of the information to be collected; and

(iv) minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: The frequency of response from the respondents varies with the media being collected. There are 104 occurrences per air station per year (2 weekly \times 52 weeks). There are an estimated 12 occurrences per precipitation station and per milk station per year. The drinking water and surface water collections take place quarterly resulting in 8 occurrences. If contamination is observed or is anticipated, however, these number can change depending on the nature and extent of the event. The time required per response varies with the media collected, but a reliable average for respondent burden time per occurrence is given by dividing the total respondent burden hours for the (9019 hours) by the total number of occurrences for all respondents for the year (24,033 occurrences) to obtain a value of 0.37 hours per occurrence. The respondent burden hours per occurrence has a range of from 0.1 to 1 hour. The respondents are not required to keep records.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a

Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: February 6, 1996.

Charles M. Petko,

Public Information Officer.

Proposed Settlement Pursuant to Section 122(g) of the Comprehensive Environmental Response, Compensation, and Liability Act

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed administrative settlement and opportunity for public comment.

SUMMARY: In accordance with Section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. 9622(i), the U.S. Environmental Protection Agency ("EPA"), Region II, announces a proposed administrative *de minimis* settlement pursuant to Section 122(g)(4) of CERCLA, 42 U.S.C. 9622(g)(4), relating to the Bern Metals Superfund Site ("Site"). The Site is located in the City of Buffalo, Erie County, New York State. This notice is being published pursuant to Section 122(i) of CERCLA to inform the public of the proposed settlement and of the opportunity to comment. EPA will consider any comments received during the comment period and may withdraw or withhold consent to the proposed settlement if comments disclose facts or considerations which indicate that the proposed settlement is inappropriate, improper, or inadequate.

The proposed administrative settlement has been memorialized in an Administrative Order on Consent ("Order") between EPA and New York State Electric & Gas Corporation ("Respondent"). This Order will become effective after the close of the public comment period, unless comments received disclose facts or considerations which indicate that this Agreement is inappropriate, improper or inadequate, and EPA, in accordance with Section 122(i)(3) of CERCLA, modifies or withdraws its consent to this Agreement. Under the Order, the Respondent will be obligated to pay \$10,000 to the Hazardous Substance Superfund in reimbursement of its share of EPA's response costs relating to the Site plus a premium.

Pursuant to CERCLA Section 122(h)(1), the Order may not be issued without the prior written approval of the Attorney General or her designee. In accordance with that requirement, the Attorney General or her designee has approved the proposed administrative order in writing.

DATES: Comments must be provided on or before March 21, 1996.
