International Trade Administration

Determination Not To Revoke Antidumping Duty Orders and Findings Nor To Terminate Suspended Investigations

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Determination not to revoke antidumping duty orders and findings nor to terminate suspended investigations.

SUMMARY: The Department of Commerce is notifying the public of its determination not to revoke the antidumping duty orders and findings nor to terminate the suspended investigations listed below.

EFFECTIVE DATE: February 23, 1996.

FOR FURTHER INFORMATION CONTACT: Michael Panfeld or the analyst listed under Antidumping Proceeding at: Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230, telephone (202) 482-4737.

SUPPLEMENTARY INFORMATION: The Department of Commerce (the Department) may revoke an antidumping duty order or finding or terminate a suspended investigation, pursuant to 19 CFR 353.25(d)(4)(iii), if no interested party has requested an administrative review for four consecutive annual anniversary months and no domestic interested party objects to the revocation or requests an administrative review.

We had not received a request to conduct an administrative review for the most recent four consecutive annual anniversary months. Therefore, pursuant to § 353.25(d)(4)(i) of the Department's regulations, on December 4, 1995, we published in the Federal Register a notice of intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations and served written notice of the intent to each domestic interested party on the Department's service list in each case. Objections or requests for review were originally due by December 31, 1995. However, due to the partial government shutdown from December 16, 1995, through January 6, 1996, the time frame to either object or request a

review was extended 22 days. Such requests for review or objections to our intent to revoke were therefore due by January 22, 1996. Within the specified time frame, we received objections from domestic interested parties to our intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations. Therefore, because domestic interested parties objected to our intent to revoke or terminate, we no longer intend to revoke these antidumping duty orders and findings or to terminate the suspended investigations.

ACTION: Notice of intent to prepare an EIS; request for comments.

Box 21668, Juneau, AK 99802-1668 or to Robb Gries, Contract Office Technical Representative, NOAA, Facilities and Logistics Division, 7600 Sand Point Way NE, BIN C15700, Seattle, WA 98115.

Scoping meetings will be held as follows:

1. NOAA/NMFS personnel - Friday, March 29, 1996, 4th Floor Conference Room, Federal Building, 709 West 9th Street, Juneau, AK, 1-4 p.m.

2. NOAA/NMFS personnel - Friday, May 24, 1996, 4th Floor Conference Room, Federal Building, 709 West 9th Street, Juneau, AK, 1-4 p.m.

3. Open to the public - Friday, May 24, 1996, Centennial Hall, 101 Egan Drive, Juneau, AK, 5 p.m.-10 p.m.

SUPPLEMENTARY INFORMATION:

The proposed action would involve consolidation of NOAA/NMFS offices, laboratory, and enforcement facilities in Juneau, AK. NOAA operations are currently in four space assignments in the Federal Building and at an aging, overcrowded Commerce-owned laboratory facility at Auke Bay. The NOAA/NMFS portion of the facility will be about 91,628 net square ft (8,512.5 square meters) in size and constructed on 28 acres (11.3 hectares (ha)) of Commerce-owned property at Auke Cape. The 28 acre (11.3 ha) site is situated on saltwater (Auke Bay) and will require access and utility improvements. Approximately 273 NOAA/NMFS related personnel would be housed in the consolidated facilities. The University of Alaska School of Fisheries and Ocean Sciences is interested in collocating 22,000 net square ft (2,044 square meters) of laboratory, classroom, and office space with NOAA/NMFS at Auke Cape. The University of Alaska space would house about 90 faculty, staff, and students. The EIS will examine three alternative locations for the proposed consolidation and also evaluate the proposed action with and without University of Alaska participation. The no action alternative will also be evaluated. The agency's preferred alternative is to locate on approximately 28 acres (11.3 ha) of agency-owned land at Auke Cape/Indian Point on Auke Bay.

To identify the scope of issues that will be addressed in the EIS and to identify potential impacts on the quality of the human environment, public participation is invited by providing written comments to NMFS and attending the scoping meeting.

Public Information Meetings:

Additional public information meetings and community workshops on the proposed project will be held in Juneau beginning in March. These meetings will be held in various locations and will be advertised in local Juneau newspapers.

Special Accommodations

The meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to John Gorman or Robb Gries (see **ADDRESSES**) at least 5 days prior to the meeting date.
