SUPPLEMENTARY INFORMATION: At 60 FR 53875, published October 18, 1995, items (a), (b), and (c) in Appendix A contain the following errors or omissions:

(a) Concerning the Nebraska Department of Environmental Quality, this section should have cited the state's amended Title V rules submitted June 14, 1995 (referenced in section III.A and III.C.1 of the notice). Also, in III.A.C.1.a, the regulations included should read "41" instead of "40-44";

(b) Concerning the city of Omaha, this section lists a submission dated April 19, 1995. Instead, the correct date is April 19, 1994. Additionally, a finalized delegation contract between the state and the city of Omaha effective June 26, 1995, should have been cited; and

(c) LLCHD submitted its Title V program on November 12, 1993, instead of the notice's date of November 15, 1993. Finally, the cited supplemental correspondence is dated June 23, 1994, not June 27, 1994.

I. Background and Purpose

Title V of the Clean Air Act ("the Act"), and implementing regulations at 40 Code of Federal Regulations (CFR) part 70 require that States develop and submit operating permits programs to the EPA by November 15, 1993, and that the EPA act to approve or disapprove each program within one year after receiving the submittal. The EPA's program review occurs pursuant to section 502 of the Act and the part 70 regulations, which together outline criteria for approval or disapproval.
