Bureau of Land Management

[WY-930-5101-00-K012, WYW-128830]

Notice of Availability of the Final Environmental Impact Statement for the Express Pipeline

AGENCY: Bureau of Land Management, Interior.

SUMMARY: A Final Environmental Impact Statement (EIS) for Express Pipeline, Inc., to construct, operate, and maintain a 24-inch pipeline on public lands to transport crude oil between Wild Horse, Alberta, and Casper, Wyoming. A right-of-way grant for the pipeline to cross public lands in Montana, and Wyoming, would be issued by the Bureau of Land Management, Worland District, in accordance with Section 501 of the Federal Land Policy and Management Act of 1976.

The Bureau of Land Management and the Montana Department of Environmental Quality (DEQ) are co-leads for the EIS. Other cooperating agencies for the EIS include the Army Corps of Engineers and the Bureau of Reclamation. The final EIS document was prepared by Greystone, a third-party contractor, under the provisions of Section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, as amended. The EIS has been prepared in an abbreviated format; that is, the alternatives considered in the draft EIS and the environmental effects of those alternatives, have not been reprinted in the EIS. It is necessary, therefore, to use both the draft and final documents for a complete review. Copies of the draft EIS and the final EIS can be obtained from the BLM's Worland District Office or the Montana Department of Environmental Quality at the addresses listed below.
