

By direction of the Commission.
Donald S. Clark,
Secretary.

Concurring Statement of Commissioner
Mary L. Azcuenaga, Litton Industries/
PRC, File No. 961 0022

I agree with my colleagues that the consent agreement that the Commission accepts today for purposes of soliciting public comment properly addresses the anticompetitive implications of the proposed transaction. I concur in the Commission's action except to the extent that Paragraph II.B. of the proposed order makes the Department of the Navy a participant with the Commission in giving antitrust approval to any divestiture proposed under Paragraph II.A. of the order.

With due deference to the Department of Defense and in full recognition that the Department of the Navy has the power to decide with which firms it will contract for the provision of goods and services vital to the national security, no persuasive argument has been presented to suggest that the Navy has or should have a role in deciding the competitive implications of a particular divestiture. In addition, no showing has been made that this case is unique, that national security issues or concerns relating to the integrity of the AEGIS destroyer program, to the extent they may be affected by this order, could not have been addressed, as they apparently have been in other defense-related transactions,¹ without inclusion of the Department of the Navy as a necessary participant in a decision committed by statute to the Commission.

The need to obtain technical assistance in reviewing commercial transactions in sophisticated markets is not uncommon. Nor should the Commission forget that national security is the province of the country's defense agencies. The Commission might well find it necessary to consult with the Department of the Navy both to assess the viability of a proposed buyer of the PRC assets to be divested and to ensure that a proposed transaction is not inconsistent with national security. I would have preferred, however, to accommodate that need in this case by means other than making the Department of the Navy a partner with the Commission in interpreting and applying a final order of the Commission.
