Propoxur; Decision Not to Initiate a Special Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This Notice announces EPA's decision not to initiate a Special Review for the insecticide propoxur (Baygon, Sendran; 2-isopropoxy-phenyl-N-methylcarbamate). Propoxur was being considered for Special Review because of potential carcinogenic risks to applicators and home residents from the registered uses. After evaluating new exposure and carcinogenicity data, and in light of voluntary cancellation and label amendment actions which eliminated those uses posing the greatest concern, EPA believes that the estimated risks do not warrant initiation of a Special Review.

FOR FURTHER INFORMATION CONTACT: By mail: Monica F. Spann, Special Review Branch, Special Review and Reregistration Division (7508W), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location, telephone number, and e-mail address: Special Review Branch, 3rd Floor, Crystal Station #1, 2800 Crystal Drive, Arlington, VA, Telephone: 703-308-8032, e-mail: spann.monica@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: In the Federal Register of January 13, 1995 (60 FR 3210), EPA announced its proposed decision (and solicitation for public comment) not to initiate a Special Review of propoxur based on carcinogenic risks posed to applicators and home residents. The Agency has received one comment from the sole registrant, Bayer Corporation, and decided to maintain the decision not to initiate a Special Review. This notice provides the Agency's final decision, its response to comment, and the rationale for its final decision. For more detailed information, see 60 FR 3210.

I. Introduction
