Williams Natural Gas Company; Notice of Proposed Changes in FERC Gas Tariff

February 23, 1996.

Take notice that on February 16, 1996, Williams Natural Gas Company (WNG) tendered for filing, pursuant to Article 9.7(d) of the General Terms and Conditions of its FERC Gas Tariff, its report of net revenue received from cash-outs. WNG proposes to make the refund upon Commission approval of its calculation method as set out in this report.

WNG states that pursuant to the cash-out mechanism in Article 9.7(a)(iv) of WNG's FERC, Shippers were given the option of resolving their imbalances by the end of the calendar month following the month in which the imbalance occurred by cashing-out such imbalances at 100% of the spot market price applicable to WNG as published in the first issue of Inside FERC's Gas Market Report for the month in which the imbalance occurred. Net monthly imbalances which were not resolved by the end of the second month following the month in which the imbalance occurred and which exceeded the tolerance specified in Article 9.7(b) were cashed-out at a premium or discount from the spot price according to the schedules set forth in Article 9.7(c). Consistent with its filing made January 20, 1995 in Docket No. RP95-132, WNG is filing its report of net revenue (sales less purchase cost) received from cash-outs.

WNG states that a copy of its filing was served on all jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.

Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
