**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of intent to prepare a draft environmental impact statement.

**SUMMARY:** Pursuant to § 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Reclamation (Reclamation) will prepare a draft environmental impact statement (EIS) on the proposed renewal of long-term water service contracts for the following irrigation districts in the Republican River basin (Basin) in Nebraska and Kansas: Frenchman-Cambridge, Frenchman Valley, Bostwick Irrigation District in Nebraska, and Kansas Bostwick No.2. The purpose of this action is to provide for the continued beneficial use of Federally developed water within the Basin. Reclamation has scheduled a series of public information/scoping meetings in connection with the development of the draft EIS. These meetings have been scheduled to inform the public of the status of contract renewal, to allow for public comment on the preliminary management scenarios being evaluated in the draft Resource Management Assessment (RMA) process, to inform the public of significant issues identified to date, to identify additional significant issues that should be analyzed in the draft EIS, and to identify issues related to Indian trust assets. A draft EIS is expected to be completed and available for review and comment early in 1997.
